

25<sup>th</sup> October 2019

Dear Parents/Carers,

To launch our Space topic, we have invited Dennis Ashton, the 'Starman,' to visit the Year 2s on **Thursday 14<sup>th</sup> November** for the morning.

In this session, the children will be given an introduction to Space and the parts of our solar system before moving on to look more closely at the lives of Neil Armstrong and Helen Sharman.

Dennis Ashton is an expert in astronomy and the children will benefit greatly from his knowledge, expertise and passionate delivery.

To cover the cost of the morning, we are asking for a contribution of £1.50 from each child. Please log on to sQuid to make your payment and give permission for your child to participate.

Yours sincerely

The Y2 Team
