

## Week Beginning November 18<sup>th</sup>

This half-term our topic is;

'Colour and celebrations around the world'

### Literacy

In Literacy our big book is "Kipper's Birthday". We have a birthday house in our role play area at the moment. We will also be continuing with our celebration writing this week.

In phonics we will revise the phonemes and digraphs that we have learned so far and we will be introducing the phoneme z and the digraphs zz and qu. We will re-cap the tricky words that we have learnt so far and will be working with our partner using the letter fans to make some three-letter words. We will be using our 'robot arms' to segment to spell words with the phonemes - 's, a, t, p, i and n'.

### Mathematics

This week in numeracy we will be becoming familiar with numbers to 10. We will be practising finding and saying the number one more and one less within this range using objects and a number line.

### Understanding the World

Our session this week will focus on all the ways we celebrate our birthdays. We will be looking at a variety of birthday cards and reading stories about birthdays. We are also looking forward to celebrating our class puppets birthdays this week!
