

## Writing – Week Commencing 20.4.20

As lots of you have been busy cooking during your time away from school, we would like you to share instructions on how to make one of your recipes.

We have included instructions on how to make a cheese and salad sandwich as an example.

Remember it is important to include what you will need and to also write a clear set of instructions in the correct order.

Your challenge will be to include some interesting verbs and adverbs in your instructions.

There is also a muddled up set of instructions on how to brush your teeth – can you put these in the correct order?

We look forward to reading your exciting recipes!
