Football cards come in packs of 5

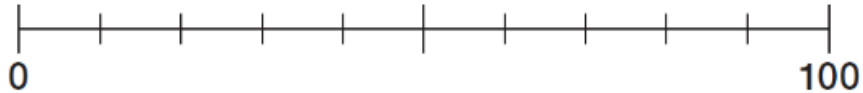

How many cards are there altogether?

Show where these numbers go on the number line.

18

81

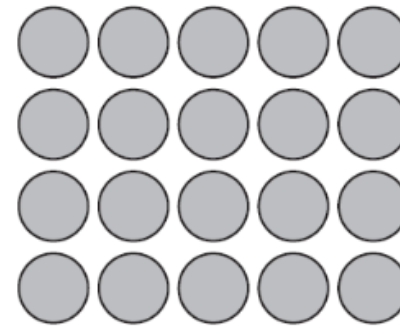

Anna buys a teddy and a pencil.

The teddy costs 30p more than the pencil.

How much does she pay altogether?

Here is an array.

Write two different multiplication facts that the array shows.

$$\square \times \square = \square$$

$$\square \times \square = \square$$
