

|                                     |                                   |
|-------------------------------------|-----------------------------------|
| I am not a quadrilateral            | I have one reflex angle           |
| I have more than one right angle    | I have no obtuse angles           |
| I have no lines of symmetry         | I have fewer sides than a decagon |
| Some of my angles are the same size | I have more than five vertices    |
