

Father's Day Lockdown Card Instructions

You will need:

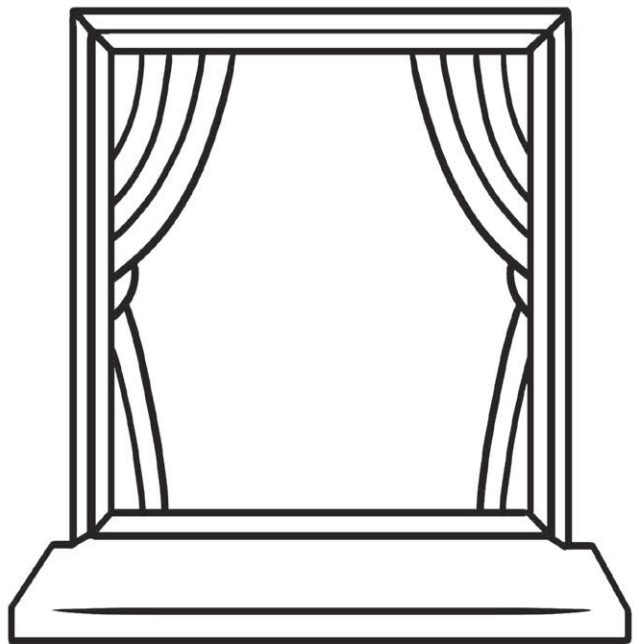

- card template
- rainbow colours
- pencil
- small photograph of yourself to fit inside the window on the front cover of the card (optional)

Instructions:

1. On the front cover of the card, either draw yourself or stick a photograph of yourself in the window.
2. Colour in the curtains using rainbow colours. (Your dad will be able to cut out the window picture and keep it in his wallet so keep everything within the box.)
3. You may want to add the year 2020 so that he can remember when you made it for him.
4. Decorate the rest of the card.
5. Fill in the message and sign your card.
6. You may want to write your own message on the other side of the card. You could thank him for the things he does for you or write some words to describe him

Happy Father's Day
