

Spelling w/c 29/6/20

This week we are going to revise words ending in le, el, al and il.

This is a tricky rule to learn as there are lots of different words that end in the le sound but it can be spelt in 4 different ways!

1. Start by watching this short video

2. Log on to Bug Club and click on the My Stuff icon and go to the grammar and spelling bug picture.

Click on el, le, al and il icon.

- Watch the video first

- Have a go at the game—can you select the correct ending?

3. How many words can you find that end in each set of letters? You could use the words that are in both the videos and the games to help you.

le (most common)	al	el (m, n, r, v, w)	il
