

## Week Beginning 12<sup>th</sup> October 2020

### This half-term our topic is 'Myself and other Animals'

#### Literacy

In our literacy sessions we will be reading the non-fiction big book 'Day and Night Animals'. We will be thinking about which animals are nocturnal and which animals are diurnal. In phonics we will be introducing the letters g, o, c, k and will practise orally blending simple words with these sounds.

We will be having a go at writing sentences about ourselves starting with 'I am... and I can...' sentences this week. We will be practising using our 'robot arms' to segment to spell the words.

#### Mathematics

Our numeracy focus will be learning to say what is '1 more than' (greater than) and '1 less than' (fewer than) within 6. We will be singing songs and using lots of different apparatus to help us.

#### Understanding the World

We will be doing science this week. We will be discussing day and night time animals. We will be discussing which animals are nocturnal and which animals are diurnal.
