# Ecclesall Primary School Version 12 - Schools COVID-19 Risk Assessment March 2021

(This is a live document)

Main changes since this guidance was last updated (any changes from version 11 to version 12 are highlighted in green). Ecclesall Primary School additional information is written in blue linked to information sent out to our parents/carers/staff and governors.

https://ecclesallprimary.co.uk/wp-content/uploads/2021/02/EPS-Whole-school-Update-Letter-February-2021-1.pdf Update Letter February 2021

#### Introduction

This guidance is intended to support schools, mainstream, special schools and alternative provision, during the wider opening of Schools on the 8<sup>th</sup> March 2021. It applies to primary, secondary (including sixth forms), and infant, junior, middle, upper, special schools and school-based nurseries. The guidance also covers expectations for children with special educational needs and disability (SEND), including those with education, health, and care plans, in mainstream schools.

It is important to remember that the  $8^{th}$  of March marks the date on which children return to childcare, schools, and colleges. <u>It does not mark the</u> end of the lockdown which, for all other people, continues.

#### System of controls

We know that the predominant new variant of coronavirus (COVID-19) is more transmissible however, PHE advice remains that the way to control this virus is with the system of controls, even with the current new variants.

In this section where something is essential for public health reasons, as advised by Public Health England (PHE), we have said 'must'. Where there is a legal requirement, we have made that clear. This guidance does not create any new legal obligations.

This is the set of actions you must take. They are grouped into 'prevention' and 'response to any infection'.

If you follow the system of controls, you will effectively reduce risks in your setting and create an inherently safer environment.

These additional measures will be reviewed in partnership with health experts to decide whether evidence suggests that these measures can be eased ahead of the summer term.

#### **Prevention**

#### You must always:

- 1) Minimise contact with individuals who are required to self-isolate by ensuring they do not attend the school.
- 2) Ensure face coverings are used in recommended circumstances.
- 3) Ensure everyone is advised to clean their hands thoroughly and more often than usual.
- 4) Ensure good respiratory hygiene for everyone by promoting the 'catch it, bin it, kill it' approach.
- 5) Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.
- 6) Consider how to minimise contact across the site and maintain social distancing wherever possible.
- 7) Keep occupied spaces well ventilated.

#### In specific circumstances:

- 8) Ensure individuals wear the appropriate personal protective equipment (PPE) where necessary.
- 9) Promote and engage in asymptomatic testing, where available.

### Response to any infection

#### You must always:

- 10) Promote and engage with the NHS Test and Trace process.
- 11) Manage and report confirmed cases of coronavirus (COVID-19) amongst the school community.
- 12) Contain any outbreak by following local health protection team advice.

You must implement sensible and proportionate control measures which follow the health and safety hierarchy of controls to reduce the risk to the lowest reasonably practicable level. This hierarchy of controls is set out in annex A.

You must regularly review and update your risk assessments - treating them as 'living documents' - as the circumstances at your school and the public health advice changes. This is particularly relevant as you prepare to welcome back more pupils. This includes having active arrangements in place to monitor that the controls are:

effective

working as planned

You must notify your staff and their health and safety representatives of review outcomes

SECTION 1: PUBLIC HEALTH MANAGING POSITIVE CASES IN SCHOOLS

SECTION 2: KEY PUBLIC HEALTH INFECTION CONTROL MESSAGES AND MITIGATION IN SCHOOLS

**SECTION 3: SCHOOL RISK ASSESSMENT** 

# **SECTION 1: PUBLIC HEALTH MANAGING POSITIVE CASES IN Settings**

# This information could change at very short notice we will keep you up to date with any changes

Settings must continue to provide the LA public health team with a single point of contact. Should the public health team need to contact schools out of hours to begin contact tracing activity failure to do this will result in delay to the isolation of contacts and risk further transmission.

If you need to talk with the Local Authority Public Health team please call: 0114 273 5334 (Available 8a.m. – 4.45p.m. Monday to Friday.).

You can also reach us via our Email address: PublicHealthC&YP@sheffield.gov.uk

This email address is monitored regularly (7 days per week). Over the weekends the 'inbox' is checked a minimum of twice a day.

Name of School/Setting: Ecclesall Primary School

Date risk assessment completed: 03/03/21

Date the risk assessment was shared with all staff and governors and put on the EPS school website: 03/03/21

| Educational Settings in Yorkshire |  |
|-----------------------------------|--|
| and the Humber.                   |  |

 There may be occasion where the LA Public Health Team or PHE need to contact you out of hours therefore it is essential that Schools provide a single point of contact to the Local Authority Public Health Team to enable a rapid response both for weekends and school holidays

Where individuals are self-isolating and are within our definition of vulnerable, it is important that schools put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support.

A template letter will be provided to you, on the advice of the Public Health team, to send to parents and staff if needed. You must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others.

Household members of those contacts who are sent home do not need to self-isolate themselves unless the pupil or staff member who is self-isolating subsequently develops symptoms, unless they have been told to self-

- the dates that the person who tested positive was in attendance at the setting so that we can identify if the person was infectious whilst on site
- for key stage 2, 3, 4 and 5, the seating plan for all lessons, and (where relevant) the timetable, for the person who has tested positive. This will help to support identification of close contacts with that person
- for key stage 2, 3, 4 and 5, if the person who has tested positive is a member of staff, records of any instance of close contact with other members of staff or students
- if the person who has tested positive is a pupil, records of any definite face to face contact with the individual and details of their friendship group within the setting

You should continue to inform the local authority of a positive case in your setting.

# Definition of a contact taken from the Government Guidance February 2021

#### Close contact means:

 anyone who lives in the same household as someone with coronavirus (COVID-19) symptoms or who has tested positive for coronavirus (COVID-19) isolate by NHS Test and Trace or their public health protection team, in which case they must self-isolate.

If someone in a class or group that has been asked to self-isolate develops symptoms themselves within the 10 days from the day after contact with the individual who tested positive, they should follow guidance for households with possible or confirmed coronavirus (COVID-19) infection. They should get a test, and:

- if the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period. This is because they could still develop coronavirus (COVID-19) within the remaining days.
- if the test result is positive, they should inform their school immediately, and

should restart their ten day isolation starting from the date of onset of their symptoms. Their household should self-isolate for ten full days starting from when the symptomatic person in their household first had symptoms.

- anyone who has had any of the following types of contact with someone who has tested positive for coronavirus (COVID-19) with a PCR or LFD test:
  - face-to-face contact including being coughed on or having a face-to face conversation within 1 metre
  - been within 1 metre for 1 minute or longer without face-to-face contact
  - sexual contacts
  - been within 2 metres of someone for more than 15 minutes (either as a one-off contact, or added up together over one day)
  - travelled in the same vehicle or a plane

The advice service (or PHE local health protection team if escalated) will provide advice on who must be sent home. To support them in doing so, we recommend you keep a record of pupils and staff in each group, and any close contact that takes places between pupils and staff in different groups

|   |  | You should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation.  |   |  |
|---|--|--|---|--|
| Reporting actual or suspected cases of coronavirus (COVID-19) through the education setting status form |  | From 11 January, DfE asked you to resume completing an educational setting status form. The form will be amended to reflect wider opening. The data you supply helps the government monitor the impact of coronavirus (COVID-19) on schools. | See guidance on how to submit the educational settings status form for more information.  https://www.gov.uk/guidance/how-to-complete-the-educational-setting-status-form   |  |
| Test and Trace Support Payments   |  | Some school staff may be eligible for a one-off Test and Trace Support Payment of £500.  This is payable in one lump sum from the local authority.   | Further information on the eligibility criteria can be found on the website below  https://www.gov.uk/government/publications/test-and-trace-support-payment-scheme-claiming-financial-support/claiming-financial-support-under-the-test-and-trace-support-payment-scheme |  |
|   |  | To be eligible for a Test and Trace Support Payment, you must:   |   |  |

|           |            |   | be on a low income  |   |
|-----------|------------|---|---|---|
|           |            |   | <ul> <li>be unable to work from home</li> </ul>                               |   |
|           |            |   | <ul> <li>be at risk of losing income as a</li> </ul>                          |   |
|           |            |   | result of self-isolating  |   |
|           |            |   | <ul> <li>be living in England</li> </ul>                                      |   |
|           |            |   |   |   |
|           |            |   | <ul> <li>meet the eligibility criteria</li> </ul>                             |   |
|           |            |   | have been formally advised to self-   |   |
|           |            |   | isolate by NHS Test and Trace, who will provide you with an NHS Test          |   |
|           |            |   | and Trace Account ID  |   |
|           |            |   |   |   |
|           |            |   |   |   |
|           |            |   | The Department for Health and Social Care has launched the Self-Isolation     |   |
|           |            |   | Service Hub (020 3743 6715). The  |   |
|           |            |   | phone line is open 7 days a week, 8am   |   |
|           |            |   | to 8pm, allowing a school to provide contact details of those individuals who |   |
|           |            |   | have been asked to self isolate and are                                       |   |
|           |            |   | likely to be eligible for the Test and  |   |
|           |            |   | Trace Support Payment or discretionary  |   |
|           |            |   | payment.  |   |
|           |            |   |   |   |
| COVID-19  | Transmiss  | - | In order to monitor Positive cases of   |   |
| Situation | ion of the |   | COVID-19 settings are requested to  |   |
| Report    | virus      |   | provide a daily Situation Report to<br>Sheffield Local Authority. This will   |   |
|           |            |   | enable case, cluster and outbreak   |   |
|           |            |   | monitoring as well as to provide  |   |
|           |            |   | bespoke support to individual settings  |   |
|           |            |   | from the LA Public Health Team where appropriate. The Situation Report will   |   |
| 1         | 1          |   | appropriate. The oituation report will  | 1 |

|   | confirm if a positive case has been identified via either PCR or LFD testing. In the absence of this please continue to report daily as you have been doing.  Each setting is required to identify 2 lead names and provide contact details for these individuals. They will be contacted if management of COVID-19 cases and outbreaks is required.  |
|---|---|
| Contain any outbreak by following local health protection team advice | If schools have two or more confirmed cases within 10 days or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and must continue to work with their LA Public Health Team or local PHE health protection team who will be able to advise if additional action is required.  In some cases, the LA PH Team and PHE local health protection teams may recommend that a larger number of other pupils self-isolate at home as a precautionary measure — perhaps the whole site or year group.  If schools are implementing control measures, addressing the risks they have identified and therefore |

|   | reducing transmission risks, whole school closure based on cases within the school will not generally be necessary, and should not be considered except on the advice of health protection teams.  |  |
|---|--|--|
| Admitting children and staff back to the school | The pupil or staff member who tested positive for coronavirus (COVID-19) can return to their normal routine and stop self-isolating after they have finished their isolation period and they feel well, their symptoms have gone or if they continue to have only a residual cough or anosmia. This is because a cough or anosmia can last for several weeks once the infection has gone. If they still have a high temperature after 10 days or are otherwise unwell, you should advise them to stay at home and seek medical advice. |  |
|   | You should not request evidence of negative test results or other medical evidence before admitting pupils or welcoming them back after a period of self-isolation.  In the vast majority of cases, parents and carers will be in agreement that a pupil with symptoms should not attend the school, given the potential risk to others. In the event that a parent or carer insists on a pupil attending your   |  |

|  |                            |                | school, you can take the decision to refuse the pupil if, in your reasonable judgement, it is necessary to protect your pupils and staff from possible infection with coronavirus (COVID-19). Your decision would need to be carefully considered in the light of all the circumstances and current public health advice.                                     |  |  |
|--|----------------------------|----------------|---|--|--|
| Minimise contact with individuals who are unwell by ensuring that those who have coronaviru s (COVID-19) symptoms, or who have | Transmiss ion of the virus | Staff & pupils | When an individual develops coronavirus (COVID-19) symptoms or has a positive test Pupils, staff and other adults must not come into the school if:  they have one or more coronavirus (COVID-19) symptoms  a member of their household (including someone in their support bubble or childcare bubble if they have one) has coronavirus (COVID- 19) symptoms | When an individual has had close contact with someone with coronavirus (COVID-19) symptoms  Any member of staff who has provided close contact care to someone with symptoms, regardless of whether they are wearing PPE, and all other members of staff or pupils who have been in close contact with that person, do not need to go home to self-isolate unless: |  |
| someone in their household who does, do not attend school  |                            |                | <ul> <li>they are required to quarantine having recently visited countries outside the Common Travel Area</li> <li>they have had a positive test</li> <li>They must immediately cease to attend and not attend for at least 10 days from</li> </ul>   | <ul> <li>the symptomatic person subsequently tests positive</li> <li>they develop symptoms themselves (in which case, they should self-isolate immediately and arrange to have a test)</li> <li>they are requested to do so by NHS Test and Trace or the Public Health England (PHE) advice</li> </ul>   |  |

the day after: service (or PHE local health protection team if escalated) the start of their symptoms they have tested positive from an LFD test as part of a community or worker programme the test date if they did not have any symptoms but have had a positive test (whether this was a Lateral Everyone must wash their hands thoroughly for 20 Flow Device (LFD) or Polymerase seconds with soap and running water or use hand Chain Reaction (PCR) test) sanitiser after any contact with someone who is unwell. You must follow this process and ensure everyone onsite or visiting is The area around the person with symptoms must be aware of it. cleaned after they have left, to reduce the risk of passing the infection on to other people. Anyone told to isolate by NHS Test and Trace or by their public health protection team has a legal obligation to self-isolate, but you may leave home to avoid injury or illness or to escape risk If you are contacted by NHS Test and Trace or your of harm. More information can be found local health protection team and told to self-isolate on NHS Test and Trace: how it works. because you have been a close contact of a positive case, you have a legal obligation to do so. See the guidance on the cleaning of non-healthcare settings If anyone in your school develops a https://www.gov.uk/government/publications/covid-19 new and continuous cough or a high lecontamination-in-non-healthcare-settings temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), vou: Public Health England (PHE) has good evidence that routinely taking the temperature of pupils is

must send them home to begin

| • |  |  |

| period from the day they developed symptoms.   |    |
|--|----|
| In non-residential schools, if a pupil displays coronavirus (COVID-19) symptoms, or has a positive test, while at their school they should avoid using public transport and, wherever possible, be collected by a member of their family or household  |    |
| In exceptional circumstances, if parents or carers cannot arrange to have their child collected, if age-appropriate and safe to do so the child should walk, cycle or scoot home following a positive test result. If this is not possible, alternative arrangements may need to be organised by the school. The local authority may be able to help source a suitable vehicle which would provide appropriate protection for the driver, who must be made aware that the individual has tested positive or is |    |
| <ul> <li>displaying symptoms.</li> <li>If a pupil is awaiting collection:</li> <li>they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age and needs of</li> </ul>  | 15 |

| <ul> <li>the pupil, with appropriate adult supervision if required</li> <li>a window should be opened for fresh air ventilation if it is safe to do so</li> <li>if it is not possible to isolate them, move them to an area which is at least 2 metres away from other people</li> </ul>      |  |
|---|--|
| <ul> <li>if they need to go to the bathroom while waiting to be collected, they should use a separate bathroom if possible - the bathroom must be cleaned and disinfected using standard cleaning products before being used by anyone else</li> <li>personal protective equipment</li> </ul> |  |
| (PPE) <b>must</b> be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs)   |  |
| In an emergency, call 999 if someone is seriously ill or injured or their life is at risk. Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital, unless advised to.  |  |

|   |                            |                | If a pupil in a boarding school shows symptoms, they should initially self-isolate in their residential setting household. Most will benefit from self-isolating in their boarding house so that their usual support can continue. Others will benefit more from self-isolating in their home.  The individual should not use public transport if they are symptomatic. If arranging their return to their family home to isolate. | More information on PPE use can be found in the safe working in education, childcare and children's social care settings, including the use of personal protective equipment (PPE) guidance.              |  |
|---|----------------------------|----------------|--|---|--|
| Minimise contact between individuals and maintain social distancing wherever possible | Transmiss ion of the virus | Staff & pupils | Minimising contacts and mixing between people reduces transmission of coronavirus (COVID-19). This is important in all contexts, and you must consider how to implement this. You must do everything possible to minimise contacts and mixing while delivering a broad and balanced curriculum.  | See information on protective bubbles in Primary Schools  Teachers/TAs/PPA cover/Lunchtime supervisor staff to work across their year group bubble and at the maximum across two year group bubbles only. |  |
| possible  |                            |                | The overarching principle to apply is reducing the number of contacts between children and staff.  | Reminders for parents/carers ahead of full reopening March 2021 (letter sent)   |  |

| How to   |
|----------|
| group    |
| childrer |

This can be achieved through keeping groups separate (in 'bubbles') and through maintaining social distancing between individuals. These are not alternative options and both measures will help, but the balance between them will change depending on:

- pupil's ability to distance
- layout of the building
- feasibility of keeping distinct groups separate while offering a broad curriculum

# How to group children

Consistent groups reduce the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group.

Maintaining distinct groups or 'bubbles' that do not mix makes it quicker and easier in the event of a positive case to identify those who may need to self-isolate and to keep that number as small as possible.

When using larger groups, the other measures from the system of controls

- Return to all arrangements in place September/January 2020/21
- Please read any parental communication and risk assessments shared before return
- Spend minimum amount of time on site please arrive just before allocated start
  time and leave promptly once children have
  been collected at the end of the day
- Please wear face masks and adhere to social distancing guidelines on the school site
- Please keep children with you whilst waiting for siblings - i.e. no running around and mixing year group bubbles or playing on the trim trails.
- Car park no entry to any vehicles (other than disabled access) 8.20am - 9.10am and 2.50pm - 3.40pm
- Huntley Road path will return to being an EXIT only - please do not enter via path
- Kids Club are operating again if using Kids Club please check pick up and drop off points and times that you are permitted access to the car park.
- Please contact school via enquiries@ecclesall.sheffield.sch.uk

|  | <ul> <li>become even more important to minimise:</li> <li>transmission risks</li> <li>the numbers of pupils and staff who need to self-isolate</li> </ul>    | Parent Update Letter Reminders: Please discuss the following with your child:   |
|--|--|---|
|  | Younger pupils and those with complex needs will not be able to maintain social distancing and it is acceptable for them not to distance within their group. | The importance of the 1 metre+ social distancing rule and explain that all children will be in class and year group bubbles only.   |
|  | <ul><li>Using small groups can:</li><li>restrict the normal operation of education</li></ul>   | Children need to know that they will not be able to go in and out of their year group base without an adult and they won't be able to mix with another bubble at any time throughout the day. |
|  | <ul> <li>present educational and<br/>logistical challenges</li> </ul>  | Parent Update Letter  |
|  | You will need to consider:  the cleaning and use of shared spaces, such as:  | We have "bubbles"/ full classes of children but also year group bubbles where children will be able to mix across their year group at breaks and lunchtimes.                                  |
|  | <ul><li>playgrounds</li><li>boarding houses</li><li>dining halls o toilets</li></ul>   | The PE mats in the hall are sprayed down between each class in their year group bubble and 10 minutes break between class bubbles. PE equipment   |

to be kept to a year group bubble and sprayed regularly. the provision of specialist teaching and therapies See Information on protective bubbles in Secondary Schools Assess your circumstances and try to implement 'bubbles' of an appropriate size to achieve the greatest reduction in contact and mixing. Make sure this will Establishing not affect the quality and breadth of Protective Social Bubl teaching or access for support and When working with many pupils who have complex specialist staff and therapists. needs or who need close contact care. These pupils' educational and care support should be provided as normal. Whatever the size of the group, they should be kept apart from other groups where possible. Remind small children - using the correct format that Encourage pupils to keep their it's not safe to hug / kiss / be in close contact with distance within groups. other children Try to limit interaction, sharing of rooms and social spaces between Parents are encouraged to reinforce social distancing groups as much as possible. rules at home Both the approaches of separating Send letters to parents to consider the types of clothes groups and maintaining distance are they send their child to school in e.g. elasticated waist not 'all or nothing' options and will still trousers, skirts, Velcro shoes / trainers, any clothing bring benefits, even if partially that doesn't require adult supervision implemented.

You may keep pupils in their class Parents are reminded via a letter, newsletter etc. that groups for most of the classroom time, their child is not allowed to take toys from home into but also allow mixing in wider groups the setting (parents have been informed). for: For the purpose of free flow - where possible one door specialist teaching should be used to allow the young children out and another door should be used for letting children back wraparound care into the setting, these should be clearly signed "in and out" transport (all classes with outside doors from their classroom boarding pupils who may be in one will enter and exit via here. Those who don't, will exit group residentially and another by the closest exit e.g Y4/5 Gallery door). during the school day Siblings may also be in different groups. See guidance regarding gifts PDF It is strongly advised that Schools celebrations teachers and other staff do not and presents.pdf operate across different classes, groups / bubbles. Staff are strongly advised to maintain 2 metre social distancing from each other and from children Where a pupil routinely attends more than one setting where possible (depending upon on a part time basis, for example because they are age of child or if child has complex dual registered at a mainstream school and a special needs). setting, the settings should work through the system of controls collaboratively, enabling them to address any Where it is absolutely necessary for

staff to move across different

classes and year groups to facilitate the delivery of the timetable they should try and keep their distance risks identified and allowing them to jointly deliver a

broad and balanced curriculum for the pupil.

| from pupils and other staff as much as they can, ideally 2 metres from other adults. Try to minimise the number of interactions or changes wherever possible.   | Pupils should be able to continue attending both settings. While some adjustment to arrangements may be required, pupils in this situation should not be isolated as a solution to the risk of greater contact except when required by specific public health advice.  |  |
|---|--|--|
| Measures within the classroom   |  |  |
| Maintaining a distance between people while inside and reducing the amount of time they are in face-to-face contact lowers the risk of transmission.  |  |  |
| When staff and pupils cannot maintain distancing, the risk can be reduced by keeping pupils in the smaller, class-sized groups.   |  |  |
| You should make small adaptations to the classroom to support distancing where possible. That should include seating pupils side by side and facing forwards, rather  than face-to-face or side on. It might also include moving unnecessary furniture out of the classroom to make more space. | There is strong public health advice that staff in secondary schools maintain distance from their pupils, staying at the front of the class, and away from their colleagues where possible. Ideally, adults should maintain 2 metre distance from each other and from children. We know that this is not always possible, particularly when working with pupils with complex needs, or those who need close contact care. Provide educational and care support for these pupils as normal, with other increased hygiene protocols in place to minimise the risk of transmission. |  |

|                       | When timetabling, groups should be kept apart and movement around the school kept to a minimum. While passing briefly in the corridor or playground is low risk, avoid creating busy corridors, entrances and exits.  Consider staggered break times and lunch times. Make sure you allow tim for cleaning surfaces in the dining habetween groups.  You should also plan how shared staspaces are set up and used to help staff to distance from each other. | space does not allow. Doing this where you can, even some of the time, will help. |

| Use of face             | Transmiss ion of the virus | Staff & pupils | Primary schools   | Access to face coverings   |  |
|-------------------------|----------------------------|----------------|---|--|--|
| coverings<br>in Schools |                            |                | It is <b>strongly recommended</b> that face coverings should be worn by staff and adult visitors:   | Due to the increasing use of face coverings in wider society, staff and pupils are already likely to have access to face coverings. PHE has also published guidance on how to make a simple face covering. |  |
|                         |                            |                | <ul> <li>in situations where social distancing<br/>between adults is not possible (for<br/>example, when moving around in<br/>corridors and communal areas).</li> </ul> | You should have a small contingency supply available for people who:   |  |
|                         |                            |                | <ul> <li>Children in primary school do not<br/>need to wear a face covering.</li> </ul>   | <ul> <li>are struggling to access a face covering</li> <li>are unable to use their face covering as it has become damp, soiled or unsafe</li> </ul>  |  |
|                         |                            |                | We are taking this additional precautionary measure for a limited time during this period of high   | <ul> <li>have forgotten their face covering</li> </ul>   |  |
|                         |                            |                | coronavirus (COVID-19) prevalence in<br>the community. These measures will be<br>in place until Easter. As with all<br>measures, we will keep it under review           | Safe wearing and removal of face coverings   |  |
|                         |                            |                | and update guidance at that point.  | Face coverings: when to wear one, exemptions, and how to make your own - GOV.UK (www.gov.uk)   |  |
|                         |                            |                | Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can                 | You should have a process for when face coverings are worn within your school and how they should be removed. You should communicate this process  |  |
|                         |                            |                | also be worn. There is currently very limited evidence regarding the effectiveness or safety of transparent   | clearly to staff and visitors.  Safe wearing of face coverings requires the:   |  |

face coverings, but they may be effective in reducing the spread of coronavirus (COVID-19).

Those who rely on visual signals for communication, or communicate with or provide support to such individuals, are currently exempt from any requirement to wear face coverings in schools or in public places.

Face visors or shields **should not** be worn as an alternative to face coverings. They may protect against droplet spread in specific circumstances but are unlikely to be effective in reducing aerosol transmission when used without an additional face covering. They should only be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately.

## **Exemptions**

Some individuals are exempt from wearing <u>face coverings</u>. This applies to those who:

- Cleaning of hands before and after touching including to remove or put them on
- safe storage of them in individual, sealable plastic bags between use

Where a face covering becomes damp, it should not be worn, and the face covering should be replaced carefully. Staff may consider bringing a spare face covering to wear if their face covering becomes damp during the day.

Separate guidance is available on:

 preventing and controlling infection, including the use of PPE, in education, childcare and children's social care settings

| Asymptom<br>atic<br>Testing | Coronavirus (COVID-19) asymptomatic testing in schools  Rapid testing using Lateral Flow Devices (LFD)s will support the return to face-to face education by helping to identify people who are infectious but do not have any coronavirus (COVID-19) symptoms. | Attached are the new Standard Operating Procedures for Asymptomatic Testing for the School Education Workforce  Links for the Google platforms are provided:   |
|                             | Individuals with a positive LFD test  | nttps://drive.google.com/drive/folders/1jYv0MjFyIIbzgP<br>n 1S10OuRgfri b5 P  Primary Schools Document Sharing Platform - Google Drive   |
|                             | result will need to self-isolate in line with the guidance for households with possible coronavirus infection.  Those with a negative LFD test result can continue to attend school unless they have individually been advised                                  | <ul> <li>As of Monday 1<sup>st</sup> March 2021 please note:</li> <li>Within primary settings where the workforce are undertaking testing at home a confirmatory PCR is required following a positive LFD result.</li> </ul> |
|                             | otherwise by NHS Test and Trace or<br>Public Health professionals (for<br>example as a close contact). They<br>should continue to apply the measures  | - Asymptomatic testing should not be taken if someone has symptoms. Anyone with symptoms should access/book a PCR test.  |

| in the system of controls to themselves and the wider school setting.  A negative LFD test result does not remove the risk of transmission. In some cases, someone who has tested negative may still have the undetected disease and be infectious. It is therefore essential that everyone continues to follow good hygiene and observe social distancing measures regardless of whether they have been tested. | Testing for someone with a recent Covid-19 diagnosis:  If staff/student have recently (within 90 days) tested positive for COVID-19, they are likely to have developed some immunity. These people are exempt from testing by both PCR and LFD within 90 days of a positive test, unless they develop new symptoms. |  |
|--|---|--|
| This testing programme does not replace the current testing programme for those with symptoms. Anyone who is showing symptoms of coronavirus (COVID-19) will be required to self-isolate until the result from a lab-based polymerase chain reaction (PCR) test is known   | Individuals who have previously been positive are still required to self-isolate if identified as a close contact of a positive case, even if this is within the 90-day window.   |  |
| Home testing  Staff and pupils must report their result to NHS Test and Trace as soon as the test is completed either online or by   |   |  |

| telephone as per the instructions in the home test kit.   |          |
|---|----------|
| Staff and pupils should also share their result, whether void, positive or negative, with their school to help with contact tracing.  |          |
| Staff or pupils with a positive LFD test result will need to self-isolate in line with the stay-at-home guidance. They will also need to arrange a lab-based polymerase chain reaction (PCR) test to confirm the result if the test was done at home. |          |
| Those with a negative LFD test result can continue to attend school and use protective measures.  |          |
| Primary Schools   |          |
| Staff in primary schools will continue to test with LFDs twice a week at home, as per existing guidance on testing for staff in primary schools and nurseries.  |          |
| https://www.gov.uk/government/publica   | <u>t</u> |

|                                    | asymptomatic-testing-for-staff-in-primary-schools-and-nurseries/rapid-asymptomatic-coronavirus-covid-19-testing-for-staff-in-primary-schools-school-based-nurseries-and-maintained-nursery-schools   |  |
|------------------------------------|--|--|
|                                    | Primary age pupils will not be tested with LFDs. Public Health England have advised there are currently limited public health benefits attached to testing primary pupils with lateral flow devices. Primary age pupils may find the LFD testing process unpleasant and are unable to self-swab. |  |
|                                    |  |  |
| Engage                             | All cohool stoff and pupils and access   |  |
| Engage with the NHS Test and Trace | All school staff and pupils can access The NHS Test and Trace testing system, used to test symptomatic people (using a 'polymerase chain   |  |

| Polymeras                    | reaction <a href="https://www.gov.uk/guidance/coronavirus-covid-19-getting-tested">https://www.gov.uk/guidance/coronavirus-covid-19-getting-tested</a> ').  Polymerase Chain Reactions (PCR)            | Please follow links to guidance related to travel and returning from abroad: <a href="https://www.gov.uk/uk-border-control/self-isolating-when-you-arrive">https://www.gov.uk/uk-border-control/self-isolating-when-you-arrive</a> |
|------------------------------|---|--|
| e Chain Reactions (PCR test) | Booking a polymerase chain reaction (PCR) test through 119 Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test.  | Please follow link to guidance related to Asymptomatic Testing in Schools and Colleges:  https://www.gov.uk/guidance/asymptomatic-testing-in-  |
|                              | Tests for symptomatic illness can be booked online through the NHS testing and tracing for coronavirus (COVID-19) website or ordered by telephone via NHS 119 for those without access to the internet. | Having a test at a testing site will deliver the fastest results for symptomatic cases. These PCR test kits are provided to be used in the exceptional   |
|                              | Essential workers, which includes anyone involved in education or childcare, have priority access to testing.   | circumstance that an individual becomes symptomatic and you believe they may have barriers to accessing testing elsewhere.  You will need to decide how to prioritise the distribution of your test kits.                          |
|                              | All children and young people can be tested if they have symptoms. This includes children under 5, but children aged 11 and under will need to be   | <ul> <li>These kits can be given directly to:</li> <li>staff</li> <li>parents collecting a pupil who has developed symptoms at school</li> </ul>   |

| helped by their parents or carers if using a home testing kit.  Book a PCR test if they or their child are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. | These PCR tests kits will also help ensure that symptomatic staff can get a test. If they test negative, they can return to work as soon as they are well and no longer have symptoms of coronavirus (COVID-19).  Further information on test kits for schools and further education providers is available.  Ask parents and staff to inform you as soon as they get their results. |
|--|--|
| • provide details of anyone they or their child have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace   |  |
| • self-isolate if they have been in close contact with someone who tests positive for coronavirus (COVID-19), or if anyone in their household develops symptoms of coronavirus (COVID-19), or if they are required to do so having recently travelled from certain other countries.  |  |

|  | All schools were sent an initial supply of |  |

|                                 |                           |                     |  | <ul> <li>Continue with our staggered timings for start<br/>and end of school (see table below).</li> </ul>  |                             |
|                                 |                           |                     |  | <ul> <li>Ensure everyone is adhering to the social<br/>distancing guidelines whilst waiting for your<br/>other children. If you are waiting near other<br/>families, please ensure your child is only with<br/>children from their own year group and not<br/>others using the same policies as we do during<br/>the school day.</li> </ul> |                             |
|                                 |                           |                     |  | We continue to request that all adults please<br>wear a face covering when dropping off and   |                             |

|  | collecting and ensure they are socially distancing please.   |
|--|--|
|  | Please leave the school site as soon as you have collected your child/ren: There are times when the playground appears quite congested.  |
|  | Please remind your children not to go on either trim trail before or after school as we have year group bubbles on a rota each week.   |
|  | <ul> <li>If your child is Y5/6 and walks to school on<br/>their own, please do not let them arrive before<br/>their allocated start time as there will be no<br/>SLT responsible for them in the playground.<br/>We have to stress how important it is to keep<br/>the amount of people on the school site to the<br/>absolute minimum.</li> </ul> |
|  | We are continuing with our one way system by entering the school site via High Storrs Road driveway when arriving in the morning and collecting at the end of the day. After dropping your child, you can either leave via Huntley Road exit or the High Storrs Road driveway by keeping to the left please.                                       |
|  | Bags, equipment (including pencil cases) and soft toys must not be brought into school.  Stationary will be provided in school for each  |

| class. Only reading books in a reading book bag can be brought into school and taken home each day but any other resources should be reduced to minimise any risk. It would be helpful if you could provide a named pack of tissues and hand gel for your child to keep in their tray.  |
|---|
| <ul> <li>Please only provide healthy snacks for your child, for example, a piece of fruit (no crisps/chocolate) as we are a Healthy school.         NO NUTS or anything containing traces of nuts in snacks or own packed lunches please.         Please only allow WATER in the water bottles and no juice/squash</li> </ul> |
| Driveway: The school gates are closed to all vehicles (apart from disabled access) from 8.20am-9.10am. and from 2.50-3.40pm whilst the staggered timings are in place. The car park is for school staff only please.  |
| Extra clothing: please remember to wear warm clothing and additional extra layers under school uniform. Don't forget your coat in addition to your school fleece as we aim to go outside daily whatever the weather. The children can wear their school hoody indoors at present too.   |

| School<br>Workforce | The expectation is that those staff not attending school who are still able to work should do so from home where possible.            | Employers' health and safety obligations  Employers have a legal obligation to protect their employees, and others, including children, from harm.   |
|---------------------|---|--|
|                     | Some roles, such as some administrative roles, may be conducive to home working, and you should                                       | Employers should continue to assess and update health and safety risks in the usual way, especially in the light of any changing circumstances.  Following the system of controls will help you: |
|                     | consider what is feasible and appropriate  All staff must follow the system of  | <ul> <li>mitigate the risks of coronavirus (COVID-19) to pupils and staff</li> <li>meet your legal duties to protect employees and</li> </ul>  |
|                     | controls to minimise the risks of transmission. Following the system of controls will reduce the risks to all staff significantly.    | others from harm  Equalities duties  You must continue to meet your equalities duties. See   |
|                     | You must explain to staff the measures you are putting in place to reduce risks and should discuss any concerns individuals may have. | the Equality Act 2010 advice for schools for more information  https://www.gov.uk/government/publications/equality-act-2010-advice-for-schools   |
|                     |   | School teachers are encouraged to work from home for their PPA session each week and for virtual staff meetings to reduce the amount of staff in school at any one time.                         |

Staff who are extremely clinically vulnerable / clinically vulnerable / pregnant / staff who are at increased risk of covid-19

# Staff who are extremely clinically vulnerable (CEV)

The Department of Health and Social Care recently announced the addition of a third category to the definition of Clinically Extremely Vulnerable. The definition has been expanded to include a new group of adults who have been identified through the Covid-19

Population Risk Assessment as

potentially being at high risk of serious illness if they catch the virus.

For any staff recently added to the CEV list, they should follow national CEV guidance including staying at home and having an individual risk assessment (see below). This is to ensure they are now following the same process as those staff already defined as CEV

The national lockdown guidance applies to everyone in England, including the clinically extremely vulnerable. Any individuals identified as CEV through this risk assessment are advised to follow additional guidance or clinically extremely vulnerable

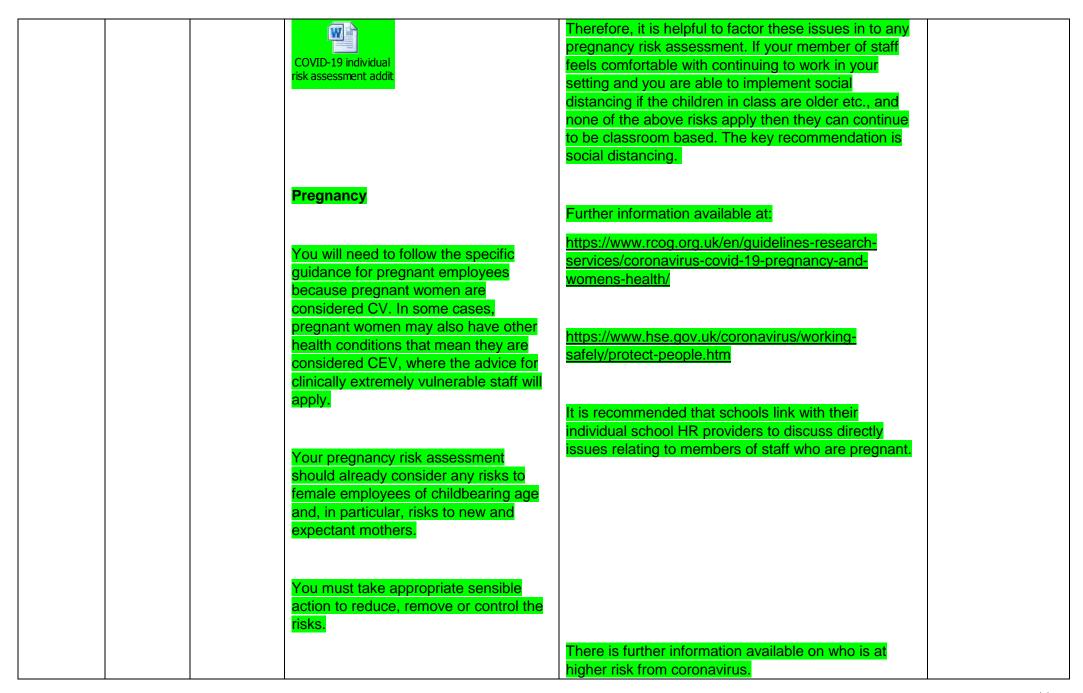

people, to help protect them from

Adults with the following conditions are automatically deemed clinically extremely vulnerable:

- solid organ transplant recipients
- those with specific cancers:
  - people with cancer who are undergoing active chemotherapy
  - people with lung cancer who are undergoing radical radiotherapy
  - people with cancers of the blood or bone marrow such as leukaemia, lymphoma or myeloma who are at any stage of treatment
  - people having immunotherapy or other continuing antibody treatments for cancer
  - people having other targeted cancer treatments that can affect the immune system, such as protein kinase inhibitors or PARP inhibitors
  - people who have had bone marrow or stem cell transplants in the last 6 months or who are still taking immunosuppression drugs
- those with severe respiratory conditions including all cystic fibrosis, severe asthma, and severe chronic obstructive pulmonary disease (COPD)
- those with rare diseases that significantly increase the risk of infections (such as severe combined immunodeficiency (SCID), homozygous sickle cell disease)
- those on immunosuppression therapies sufficient to significantly increase risk of infection
- adults with Down's syndrome

| COVID-19. Anyone newly identified as part of this group will be written to and notified.  CEV staff are advised <b>not to attend</b> the workplace. Staff who are CEV will previously have received a letter from the NHS or their GP telling them this (no new letter is required) | <ul> <li>adults on dialysis or with chronic kidney disease (stage 5)</li> <li>pregnant women with significant heart disease, congenital or acquired</li> <li>other people who have also been classed as clinically extremely vulnerable, based on clinical judgement and an assessment of their needs. GPs and hospital clinicians have been provided with guidance to support these decisions</li> </ul> |
|---|---|
| You must talk to your staff about how they will be supported, including to work from home.  You should continue to pay CEV staff on their usual terms.  | Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 - GOV.UK (www.gov.uk)   |
| Those living with someone who is CEV can still attend work where homeworking is not possible, they must ensure they maintain good prevention practice in the workplace and home settings.   | COVID-19 & Pregnancy  Guidance for Prognant Workers   |
|   | Guidance for Pregnant Workers <a href="https://www.gov.uk/government/publications/coronavirus-covid-19-advice-for-pregnant-">https://www.gov.uk/government/publications/coronavirus-covid-19-advice-for-pregnant-</a>   |

|  | Staff who are clinically vulnerable (CV)  | employees/coronavirus-covid-19-advice-for-pregnant-<br>employees  |    |
|--|---|---|----|
|  | CV staff can continue to attend school. While in school they must follow the system of controls to minimise the risks of transmission.              | Action for Schools to take:   |    |
|  | Staff who live with those who are CV can attend the workplace but should ensure they maintain good prevention practice in the workplace and at home | This means that an important key action for schools is for you to undertake an individual pregnancy risk assessment with your staff member, using the form below.   |    |
|  | It is recommended that you review the individual risk assessments for staff who are CV  | Pregnancy Risk Assessment.docx  |    |
|  |   | You will need to consider some pregnant women are at a higher risk of developing serious illness, including:  |    |
|  | COVID-19 Individual Staff Risk Assessmer  | <ul> <li>pregnant women from black, Asian and minority ethnic (BAME) backgrounds</li> <li>women over the age of 35</li> </ul>                                       |    |
|  | Additional information on carrying out the assessment is below  | <ul> <li>women who are <u>overweight or obese</u></li> <li>women who have pre-existing medical problems, such as high blood pressure and <u>diabetes</u></li> </ul> |    |
|  |   | <u> </u>  | 42 |

| This means that your employer should remove or manage any risks. If this cannot be done, you should be offered suitable alternative work or working arrangements (including working from home) or be suspended on your normal pay.  | https://www.nhs.uk/conditions/coronavirus-covid-19/people-at-higher-risk/ |
|---|---|
| You should be aware that pregnant women from 28 weeks' gestation, or with underlying health conditions at any point of gestation, may be at greater risk of severe illness if they catch coronavirus (COVID-19). This is also the case for pregnant women with underlying health conditions that place them at greater risk of severe illness if they catch coronavirus (COVID-19). |   |
| We recommend that schools follow<br>the same principles for pregnant<br>pupils, in line with their wider health<br>and safety obligations   |   |
| Staff who may otherwise be at increased risk from coronavirus (COVID-19)  |   |

| Current evidence shows that a range of factors mean that some people may be at comparatively increased risk from coronavirus (COVID-19). Those at particularly high risk from a range of underlying health conditions should now have been included in the CEV group and will be receiving a letter to confirm this. |
|--|
| For others who feel they may be at increased risk, where it is not possible to work from home, these staff can attend school as long as the system of controls set out in this guidance are in place.  |
| You should continue with an equitable approach to risk management for your workforce, recognising that staff may have a variety of baseline risks.   |
| Staff who live with those who may have comparatively increased risk from coronavirus (COVID-19) can attend the workplace where it is not possible to work from home.   |
|  |

| Pupils who are extremely clinically vulnerable           |  | The advice for pupils who have been confirmed as clinically extremely vulnerable is to shield and stay at home as much as possible until further notice. They are advised not to attend school while shielding advice applies nationally  You should offer pastoral support to pupils who are shielding. | You are required to provide remote education to pupils who are unable to attend school because they are complying with government guidance or legislation around coronavirus (COVID-19), in the circumstances provided for in the Remote Education Temporary Continuity Direction. You should keep a record of this activity but do not need to record it in the attendance register. |  |
|--|--|--|---|--|
| Pupils & families feeling anxious about attending School |  | It is likely that some pupils, parents, and households may be reluctant or anxious about attending school. This may include pupils who:  • have themselves been shielding previously but have been advised they no longer need to shield   |   |  |
|  |  | <ul> <li>live in a household where someone is clinically vulnerable (CV) or CEV (including young carers)</li> <li>are concerned about the possible increased risks from coronavirus (COVID19) such as those who have certain conditions such as obesity and diabetes</li> </ul>                          |   |  |

|                               | You must discuss any concerns with parents and provide reassurance on the measures you are putting in place to reduce any risks.  Remind parents that pupils of compulsory school age must be in school unless a statutory reason applies   |   |  |
|-------------------------------|---|---|--|
| Attendanc e Self- isolating & | School attendance will be mandatory for all pupils from 8 March.  The usual rules on school attendance apply, including:  | During the week commencing 8 March, pupils will be offered asymptomatic testing on site in secondary schools. Pupils who consent to testing should return to face-to face education following their first negative test result.   |  |
| Shielding                     | <ul> <li>parents' duty to secure their child's regular attendance at school (where the child is a registered pupil at school, and they are of compulsory school age)</li> <li>the ability to issue sanctions, including fixed penalty notices in line with local authorities' codes of conduct</li> </ul> | Pupils not undergoing testing should attend school in line with your phased return arrangements.  Vulnerable children and children of critical workers in secondary schools should continue to attend school throughout, unless they receive a positive test result. Testing is voluntary, but strongly encouraged.  Recording attendance |  |

|  | As usual, you are responsible for recording attendance, following up absence and reporting children missing education to the local authority.                       | You should record attendance in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended) for all pupils.   |  |
|--|---|--|--|
|  | Self-isolation and shielding  | During the week commencing 8 March secondary school pupils will be offered asymptomatic testing on site.   |  |
|  | A small number of pupils will still be unable to attend in line with public health advice to self-isolate because they:   | Schools should use code Y for secondary pupils not expected to be attending school for lessons during this week due to the asymptomatic testing programme.                             |  |
|  | <ul> <li>have symptoms or have had a positive test result</li> <li>live with someone who has symptoms or has tested positive and are a household contact</li> </ul> | You should use code X if a child is self-isolating or quarantining because of coronavirus (COVID-19) in accordance with relevant legislation or guidance published by PHE or the DHSC. |  |
|  | <ul> <li>are a close contact of someone who<br/>has coronavirus (COVID-19)</li> </ul>   |  |  |
|  | You should offer pastoral support to pupils who are:  • self-isolating  |  |  |
|  | <ul><li>shielding</li><li>vulnerable</li></ul>  |  |  |

| Where pupils are not able to attend school, as they are following clinical or public health advice related to coronavirus (COVID-19), the absence will not be penalised.                             |  |
|--|--|
| Encouraging regular school attendance  |  |
| You should continue to communicate clearly and consistently the expectations around school attendance to families and any other professionals who work with the family where appropriate.            |  |
| You should also identify pupils who are reluctant or anxious about attending or who are at risk of disengagement and develop plans for re-engaging them. You may want to put particular emphasis on: |  |
| <ul> <li>disadvantaged and vulnerable children and young people</li> <li>pupils who were persistently absent prior to the pandemic</li> </ul>  |  |

|  | <ul> <li>pupils who have not engaged with school regularly during the pandemic</li> </ul>  |
|--|--|
|  | Vulnerable children  |
|  | Where pupils who are self-isolating are within our definition of vulnerable, it is important that you put systems in place to keep in contact with them. |
|  | When a vulnerable pupil is required to self-isolate, you should:   |
|  | <ul> <li>notify their social worker (if they have one)</li> </ul>  |
|  | <ul> <li>agree with the social worker the best way to maintain contact and offer support</li> </ul>  |
|  | You should have procedures in place to:  |
|  | <ul> <li>check if a vulnerable pupil is able to access remote education support</li> </ul>   |
|  | <ul><li>support them to access it (as far as possible)</li></ul>   |

|                              |                            |                   | <ul> <li>regularly check if they are<br/>accessing remote education</li> </ul>   |   |
|------------------------------|----------------------------|-------------------|--|---|
| Clean<br>hands<br>thoroughly | Transmiss ion of the virus | Staff &<br>Pupils | Ensure everyone is advised to clean their hands thoroughly and more often than usual   | Encourage staff and pupils to regularly wash their hands thoroughly with soap and water for at least 20 seconds   |
| more often than usual        |                            |                   |  | https://www.who.int/gpsc/clean_hands_protection/en/   |
|                              |                            |                   | Coronavirus (COVID-19) is an easy virus to kill when it is on skin. This can be done with soap and water or hand   | Ensure approved cleaning products are available to clean hard surfaces regularly throughout the day.  |
|                              |                            |                   | <ul> <li>sanitiser. You must ensure that pupils clean their hands regularly, including:</li> <li>when they arrive at the school</li> <li>when they return from breaks</li> </ul> | For the purpose of hand washing cold water and soap will destroy the COVID-19 virus. It is not essential to use warm water for hand washing. The key is soap and water. However, schools risk assessments for non-COVID factors may deem it essential for a school to have hot water accessible on site at all times. |
|                              |                            |                   | <ul> <li>when they change rooms</li> <li>before and after eating</li> <li>Consider how often pupils and staff will</li> </ul>  | Bins (where possible to have a lid on) that contain used tissues, paper towels etc. must be regularly emptied   |
|                              |                            |                   | need to wash their hands and incorporate time for this in timetables or lesson plans.  | Parent Update Letter:   |
|                              |                            |                   | Staff working with pupils who spit uncontrollably may want more opportunities to wash their hands than other staff.  | "Good hand hygiene" and putting their tissue into a lidded bin in the classroom. We will be washing our hands on a regular basis throughout the day. The Public Health advice is "Clean hands thoroughly, more often than usual".   |

Pupils who use saliva as a sensory Daily reminders for staff stimulant or who struggle with 'catch it, bin it, kill it' may also need more opportunities to wash their hands. • Wash hands every hour and remind children to wash on a very regular basis. Wash hands before and after using hot Continue to help pupils with complex drinks dispenser (use own covered flask/cup) needs to clean their hands properly. • Anti bac hands before and after signing in if your lanyard card isn't working (Check with Frequent and thorough hand cleaning admin re this). Anti bac hands before and after should now be regular practice. You using photocopier/laminator. should consider: • Keep cleaning products out of reach of children. • Wipe down PE equipment after use. whether you have enough hand washing or hand sanitiser stations available so that all pupils and staff can clean their hands regularly 6 large foot pedal hand sanitisers are placed in 6 areas outside in the school

grounds for use by children and adults)

ingestion – skin friendly skin cleaning wipes can be used as an

alternative

|                               | complex needs understand the need to follow them   |  |  |
|-------------------------------|--|--|--|
| Equipment<br>and<br>Resources | For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared  | At normal room temperatures studies have found that the virus remains stable and detectable on paper and fabric for about 4 hours. UV light and temperatures of 20 degrees and over can weaken the virus so at normal room temperatures in normal light conditions the virus will naturally decay. |  |
|                               | Classroom based resources, such as books and games, can be used and shared within the group / bubble; these should be cleaned regularly, along with all frequently touched surfaces.                 |  |  |
|                               | Resources that are shared between classes or bubbles, such as sports, arts, and science equipment should be cleaned frequently. When sharing equipment between different bubbles, you should either: |  |  |
|                               | <ul> <li>clean it before it is moved between bubbles</li> <li>allow them to be left unused for a period of 48 hours (72 hours for plastics)</li> </ul>   |  |  |

You will need to assess the ability to clean equipment used in the delivery of therapies, for example, physiotherapy equipment or sensory equipment.

Determine whether this equipment can withstand cleaning and disinfecting between each use before it is put back into general use. Where cleaning or disinfecting is not possible or practical, resources will have to be either:

- restricted to one user
- left unused for a period of 48 hours (72 hours for plastics) between use by different individuals

Outdoor playground equipment should be more frequently cleaned. This would also apply to resources used inside and outside by wraparound care providers.

Pupils should limit the amount of equipment they bring into school each day, including essentials such as:

- lunch boxes
- hats and coats
- books
- stationery

Belongings: Bags, equipment (including pencil cases) and soft toys must not be brought into school. Stationary will be provided in school for each class. Reading books in a school book bag can be brought to and from school from September 2020 but any other resources should be reduced to minimise any risk. It would be helpful if you could provide a named pack of tissues and hand gel for your child to keep in their tray.

Water bottles: please give these a thorough clean each day at home before and after being at school. Please ensure they are also NAMED. The outside water fountain continues to be not in use until further notice linked to Public Health advice. Thanks.

Each year group from Y2-Y6 have their own individual pencil cases with stationary for their sole use. Rec and Y1 have table stationary that is sprayed on a regular basis and only used in the class bubble.

Y5/6 children need to return a completed parent mobile phone form that is then authorised by the Head Teacher. Each of these bubbles has a separate folder with a Y6 monitor who brings this up daily to the office to be locked away during the day.

|                        |  | <ul> <li>mobile phones</li> <li>Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided. Similar rules on hand cleaning, cleaning of the resources and rotation should apply to these resources.</li> </ul> | Parents are reminded via a letter, newsletter etc. that their child is not allowed to take toys from home into the setting (parents have been informed). |  |
|------------------------|--|--|--|--|
| Creative<br>Play & Art |  | Dressing Up Clothes:  We continue to advise against the use of dressing up clothes. These involve sharing and children getting in and out of items of clothing, placing some over their heads etc.  Play Dough:  | No Dressing up clothes/props used in EYFS or KS1 as part of continuous provision.  |  |
|                        |  | Any use of play dough must involve each child having their own allocated play dough and not sharing.  Soft Furnishing/Rugs   | Rec and Y1 children have their own individual named play dough   |  |

|  | It is recommended that these remain not in use. Pupils can still use carpet time if within their bubbles. It is strongly advised that the staff member maintains social distancing as much as possible. | No soft cushions/blankets to be used                         |  |
|--|---|--|--|
|  | Indoor water/outdoor water play:  Whilst the use of soapy water reduces Covid risk, when doing water play children must be stood side by side not facing each other.                                    | In EYFS, children stand side by side.                        |  |
|  | Only children from the same bubble can use sand. Once used by a bubble the  |  |  |
|  | sand must not be shared between classes. During sand play if more than one child is playing with the sand, they must be stood side by side and not face to face.  | No sharing of sand between classes and standing side by side |  |
|  | Only children from the same bubble can use the sandpit. If more than one child is accessing the sandpit, they   |  |  |

|  |                            |                   | should be positioned side by side and not face to face. If the sandpit is to be used by another bubble during the academic year the sandpit will need all sand removed, the sandpit cleaned, and new sand put in its place.  |  |
|--|----------------------------|-------------------|--|--|
| Ensure<br>good<br>respiratory<br>hygiene by<br>promoting<br>the 'catch<br>it, bin it, kill | Transmiss ion of the virus | Staff &<br>Pupils | The 'catch it, bin it, kill it' approach is very important, you must ensure that you have enough tissues and bins available in the school to support pupils and staff to follow this routine.  |  |
| it'<br>approach  |                            |                   | As with hand cleaning, schools must ensure younger children and those with complex needs are helped to get this right and all pupils understand that this is now part of how the school operates. The e-Bug coronavirus (COVID-19) website contains free resources for schools, including materials to |  |
|  |                            |                   | encourage good hand and respiratory hygiene.  Some pupils with complex needs will struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use  |  |
|  |                            |                   | This should be considered in risk assessments in order to support these  |  |

|  |                            |                   | pupils and the staff working with them and is not a reason to deny these pupils face-to-face education  |   |  |
|--|----------------------------|-------------------|---|---|--|
| Maintain<br>enhanced<br>cleaning,<br>including<br>cleaning       | Transmiss ion of the virus | Staff &<br>Pupils | You should put in place and maintain an enhanced cleaning schedule. This should include:  | To meet the cleaning regimes and conform to government guidance on maintaining the standard required to reduce the risk of contamination – you may need to consider increasing resources and extending the hours cleaning staff operate |  |
| frequently<br>touched<br>surfaces<br>often,<br>using<br>standard |                            |                   | <ul> <li>more frequent cleaning of rooms or<br/>shared areas that are used by<br/>different groups</li> <li>frequently "touched surfaces" being<br/>cleaned more often than normal</li> </ul>             | For further information on cleaning visit the governments advice  |  |
| products,<br>such as<br>detergents                               |                            |                   | <ul> <li>cleaning toilets regularly</li> <li>encouraging pupils to wash their hands thoroughly after using the toilet</li> </ul>  | https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings  |  |

|  |                            |                   | <ul> <li>Staffrooms are cleaned regularly including items such as: - kettles, toasters, microwaves, dishwashers etc.</li> <li>Window sills, ledges and handles (where windows are being opened</li> </ul> | Cleaning Guidance for SChools. docx   |  |

| Keep<br>occupied<br>spaces<br>well<br>ventilated | Transmiss ion of the virus | Staff and pupils | Ventilation and air conditioning during the coronavirus (COVID-19) pandemic   | Good ventilation reduces the concentration of the virus in the air, which reduces the risk from airborne transmission. This happens when people breathe in small particles (aerosols) in the air after someone with the virus has occupied and enclosed area.   |  |
|--|----------------------------|------------------|---|---|--|
|  |                            |                  | "It is important not to completely close windows and doors when the area is occupied as this can result in very low levels of <i>ventilation</i> ."   | The law requires employers to ensure an adequate supply of fresh air in the workplace and this has not changed during the pandemic. Advice from the HSE   |  |
|  |                            |                  | Good ventilation, together with social distancing, keeping your workplace clean and frequent handwashing, can help reduce the risk of spreading coronavirus.  | https://www.hse.gov.uk/coronavirus/equipment-and-machinery/air-conditioning-and-ventilation.htm   |  |
|  |                            |                  | When your school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained.   | The advice from the HSE following their "spot checks" is that fire doors <b>should not</b> be propped open to aid ventilation. Should you have limited ventilation through open windows, doors can only be propped open when a door guard or mag lock is installed. A door guard holds the door back and releases the door when it hears the fire alarm. A mag lock holds the |  |
|  |                            |                  | These can be achieved by a variety of measures including:   | door back until the fire alarm is activated. The area would need to be adequately supervised to ensure no pupils can leave the premises unnoticed / unsupervised.   |  |
|  |                            |                  | <ul> <li>mechanical ventilation systems –<br/>these should be adjusted to<br/>increase the ventilation rate<br/>wherever possible and checked to<br/>confirm that normal operation meets</li> </ul> |   |  |

| current guidance and that only fresh outside air is circulated. If possible, |  |
|--|--|
|  |  |
| systems should be adjusted to full   |  |
| fresh air or, if not, then systems   |  |
| should be operated as normal as  |  |
| long as they are within a single   |  |
| room and supplemented by an  |  |
| outdoor air supply   |  |
|  |  |
| <ul> <li>natural ventilation – opening</li> </ul>                            |  |
| windows (in cooler weather   |  |
| windows should be opened just  |  |
| enough to provide constant   |  |
| background ventilation and opened  |  |
| more fully during breaks to purge  |  |
| the air in the space). Opening   |  |
| internal doors can also assist with  |  |
|  |  |
| creating a throughput of air   |  |
| <ul> <li>natural ventilation – if necessary</li> </ul>                       |  |
| external opening doors may also be   |  |
| used (as long as they are not fire   |  |
| doors and where safe to do so)   |  |
|  |  |
|  |  |
|  |  |
| To balance the need for increased  |  |
| ventilation while maintaining a  |  |
| comfortable temperature, consider:   |  |
|  |  |
|  |  |
| <ul> <li>opening high level windows in</li> </ul>                            |  |
| colder weather in preference to low  |  |
| level to reduce draughts   |  |
| lever to reduce draughts   |  |
| <ul> <li>increasing the ventilation while</li> </ul>                         |  |
| spaces are unoccupied (for   |  |
| example, between classes, during   |  |
| onample, bettreen elacede, daning  |  |

|  | break and lunch, when a room is unused)   |  |
|--|---|--|
|  | <ul> <li>providing flexibility to allow additional, suitable indoor clothing</li> <li>rearranging furniture where possible</li> </ul> |  |
|  | to avoid direct draughts  |  |
|  | Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces                           |  |
|  |   |  |
|  |   |  |
|  |   |  |

#### **SECTION 3: SCHOOL RISK ASSESSMENT**

### **Getting to and from School**

| Potential<br>Hazard | Risk | Who might be harmed | Existing control measures | School Response and Actions |
|---------------------|------|---------------------|---------------------------|-----------------------------|
|                     |      |                     |                           |                             |

|                  |            |                |   | Pupils and staff may use public transport where        | Ų |
|------------------|------------|----------------|---|--|---|
| <u> </u>         |            |                | Children must not board home to   | necessary, but we encourage them to walk, cycle or     |   |

|   |                            |                | Pupils should enter the School building via their designated route (at the beginning and end of the School day)   | You should communicate any changes to parents. Remind them about the process that has been agreed for drop off and collection, including not to: |  |

Staggered starts and finish times must be introduced to avoid congestion at peak times

- A staggered start may include:
  - free periods or break time but retaining the same amount of teaching time
  - keeping the length of the day the same but starting and finishing later to avoid busy periods
- Pupils should be reminded of the importance of social distancing when arriving and leaving the School premises
- Pupils should use the one-way systems that are in place around the School
- Pupils should wash their hands for at least 20 seconds with soap and warm water when they arrive at School

- gather at the gates
- come onto the site without an appointment

We are continuing with our start and end staggered timings for the day and staggered breaks and lunchtimes for all our year group bubbles.

# <u>Update Letter : Staggered timings / limited time spent on site :</u>

In line with Government guidance, we need to continue to implement daily staggered timings for the start and end of school. Different year groups have different start times and end times to each other. Parents with siblings: Please practise social distancing whilst waiting for your other children to be able to enter school and collect from school.

Children will only be able to use entry and exit points to the building that are specific to their class or year group bubbles. SLT will be outside to help guide those who need directing to where to take their child. If your child is Y5/6 and walks to school on their own, please do not let them arrive before their allocated start time as there will be no SLT responsible for them in the playground. We have to stress how important it is to keep the amount of people on the school site to the absolute minimum. Thank you.

|---|--|---|--|--|
|   | All confice, screet desks through such a photo whitely cleaned.      Cash staff v. | ntact surfaces in reception, , delivery areas e.g., ns, telephone handsets, setc are thoroughly cleaned ghout the day mently touched office items as staplers, hole punchers, copiers, marker pens & copiers, marker pens & copiers are thoroughly ed throughout the day should not be handled by where possible online / ctless payments should be | We continue to have a one-way system due to the large volumes of children and adults arriving and leaving school at any one time. Therefore, please enter or exit the school site via High Storrs Road driveway and leave via Huntley Road exit only. This is to ensure social distancing takes place for all. Huntley Road pathway is quite narrow too so please be considerate to others. You will obviously need to allow more time to drop off and collect your child from school please. From Monday 7th Sept, the one way system was slightly adapted to allow entry and exit from the wider driveway at High Storrs Road and to keep left. Cones and signs put in place with SLT guiding parents/carers and children. |  |
| Specialist,<br>clinicians<br>etc. visiting<br>schools to<br>provide a | enter the  | School premises if they   | Specialists, therapists, clinicians and other support staff for pupils with SEND should provide interventions as usual.  |  |
| service to pupils with SEND   | clinici:<br>pupils   | ans, and support staff for with SEND arrive at the of they must adhere to all   | They, as well as supply teachers, peripatetic teachers or other temporary staff, can move between settings. They should ensure they minimise contact and   |  |

|  | social distancing and hand hygiene protocols it is strongly recommended that specialists wear face coverings  • A record must be kept of all specialists and clinicians to site for track and trace purposes   | maintain as much distance as possible from other staff.  Such specialists will be aware of the PPE most appropriate for their role.  |
|--|--|--|
| Immunisatio<br>n Providers   | As normal, you should engage with your local immunisation providers to provide immunisation programmes on site, ensuring these will be delivered in keeping with the school's control measures.  |  |
|  | These programmes are essential for children's health and wellbeing and can also provide benefits for staff.  |  |
| Wrap around providing and extra- curricular provision – Breakfast & after School clubs | From 8 March, you should work to resume all your before and afterschool educational activities and wraparound childcare for your pupils, where this provision is necessary to support parents to work, attend education and access medical care, and is as part of pupil's wider education and training. We will amend the Health Protection (Coronavirus, Restrictions) (All Tiers) (England) Regulations 2020 to allow for this. | Where parents are using external childcare providers or out of school extra-curricular activities for their children, you should also:  advise them to limit their use of multiple out-of-school settings providers, and to only use one out-of-school setting in addition to school as far as possible. |

|  | Vulnerable children can attend these settings regardless of circumstance   | <ul> <li>encourage them to check providers have put in<br/>place their own protective measures</li> </ul>    |  |
|--|--|--|--|
|  | You should advise parents that where they are accessing this provision for their children, that they must only be using this, where:   | Kids Club follow our EPS Risk Assessment and keep to year group bubbles for Breakfast and After school club. |  |
|  | <ul> <li>the provision is being offered as<br/>part of the school's educational<br/>activities (including catch-up<br/>provision)</li> </ul>   |  |  |
|  | <ul> <li>the provision is as part of their<br/>child's efforts to obtain a regulated<br/>qualification or meet the entry<br/>requirements of an education<br/>institution</li> </ul>   |  |  |
|  | <ul> <li>the use of the provision is<br/>reasonably necessary to support<br/>them to work, seek work,<br/>undertake education or training,<br/>attend a medical appointment or<br/>address a medical need or attend<br/>a support group</li> </ul> |  |  |
|  | However, you must ensure that:  Bubbles sizes are kept to the lowest numbers possible  |  |  |

|                          |                            |                | <ul> <li>Staff supervising the wraparound care maintain social distancing (2 metres) at all times with other staff / adults who are running the clubs</li> <li>Schools should work closely with external wraparound providers to ensure as far as possible; children can be kept in a group with other children from the same bubble they are in during the school day.</li> <li>Where you can't group children in the same bubbles as they are during the school day – you should keep children in a small consistent group and provide additional staff to supervise the smaller groups</li> <li>You must ensure supervision is adequate and meets staff: pupil ratio requirements</li> </ul> |  |
|--------------------------|----------------------------|----------------|---|--|
| Alternative<br>Provision | Transmiss ion of the virus | Staff & pupils | All pupils in alternative provision (AP) settings should attend school full-time, including:  |  |
|                          |                            |                | <ul> <li>pupil referral units</li> <li>AP academies</li> <li>AP free schools</li> <li>independent AP schools</li> </ul>   |  |

Where they are affected by the Remote Education Temporary Continuity Direction, AP settings must provide remote education to pupils covered by the Direction whose attendance would be contrary to government guidance or law around coronavirus (COVID-19). AP settings must comply with health and safety law which requires employers to assess risks and put in place proportionate control measures. When working through the system of controls, AP settings should take steps to minimise social contact and mixing as far as is practicable. All AP settings, especially larger AP schools, should consider whether pupils can be placed into smaller groups and still receive a broad and balanced curriculum. Due to the smaller size of many AP settings, and because AP settings are not typically organised by year groups, AP settings may wish to adopt whole school bubbles as part of their system of controls.

## Management of the School Site

| Cloakroom<br>Areas | Transmissio<br>n of the<br>virus | Staff,<br>Parents &<br>Pupils | <ul> <li>Staff should manage the number<br/>of pupils accessing the cloakroom<br/>areas at the start, break times,<br/>lunchtimes and end of the School<br/>day to ensure social distancing is<br/>maintained</li> </ul>  | Parent should not be allowed into the cloakroom areas Inform all parents that once they have dropped their child off at School, they must leave the site as soon as possible |  |
|--------------------|----------------------------------|-------------------------------|---|--|--|
|                    |                                  |                               |   | Parent Update Letter   |  |
|                    |                                  |                               |   | We are unable to invite parents/carers or visitors into the school building at all and only 1 adult strictly by appointment if absolutely necessary.                         |  |
|                    |                                  |                               |   | SLT are available at the start and end of the day to talk 1:1 (socially distanced and with face masks on for both staff and parents please) to those who have a query.       |  |
| Toilets            | Transmissio<br>n of the<br>virus | Pupils,<br>Staff,<br>Cleaners | <ul> <li>Ensure you have access to running water</li> <li>Inform all pupils to wash their hands when they have used the toilet with warm soapy water</li> <li>Limit the number of pupils accessing the toilets so they do not become overcrowded</li> <li>Some children will need additional support may need extra measures implementing (for example, routes</li> </ul> |  |  |

|                |                                  |                               | round school marked in braille or with other meaningful symbols, and social stories to support them in understanding how to follow rules)  • All toilets must be cleaned thoroughly throughout the day paying particular attention to the frequently touched points: toilet seat, taps, flush, door handles, locks sink etc.  |   |  |
|----------------|----------------------------------|-------------------------------|---|---|--|
| Assemblie s    | Transmissio<br>n of the<br>virus | Pupils,<br>Staff,<br>Cleaners | <ul> <li>You should avoid large gatherings<br/>such as assemblies or collective<br/>worship with more than one group</li> </ul>   | No assemblies taking place in the hall. (Only virtual assemblies).  |  |
| Break<br>times | Transmissio<br>n of the<br>virus | Staff & Pupils                | <ul> <li>Pupils should stay in their allocated bubble at breaktimes and not mix with other bubbles.</li> <li>Ensure an allocated space is marked out for each bubble</li> <li>Where staff are supervising breaktimes they must maintain social distancing (2 metres) from other staff members</li> <li>Restrict the number of pupils accessing the toilets at any one time</li> </ul> | <ul> <li>Where possible stagger the break times to avoid congestion on the playground</li> <li>(all year group bubbles are staggered for breaks and lunch)</li> <li>Trim trail:</li> <li>Y1/EYFS: Fortnightly EYFS and Y1 use of trim trail from MonThurs but not on Fridays.</li> <li>Y2-Y6: Every 5 weeks on a rota from Mon-Thurs but not on Fridays. No use of trim trails before or after school: Texts to parents re this information.</li> </ul> |  |
|                |                                  |                               | <ul> <li>Water fountains must be<br/>decommissioned, and signage<br/>displayed enforcing the fountains</li> </ul>   |   |  |

|  |                                  |                                    | not to be used   | Pupils are informed to bring in their own water bottle from home  Parent Update letter   |
|--|----------------------------------|------------------------------------|--|--|
|  |                                  |                                    |  | The outside water fountain continues to be not in use until further notice linked to Public Health advice. 44 Version 11 – Schools Covid-19 RA – 11.01.2020 Water bottles: please give these a thorough clean each day at home before and after being at school. Please ensure they are also NAMED |
|  |                                  |                                    |  | <ul> <li>Schools to have a supply of plastic beakers /<br/>bottles for pupils who forgotten their water bottle</li> </ul>  |
| Dining<br>Room –<br>lunch<br>times for | Transmissio<br>n of the<br>virus | Staff,<br>Pupils,<br>Kitchen staff | <ul> <li>All pupils must stay on site once<br/>they have entered the School<br/>premises, access to the local<br/>shops is not allowed</li> </ul>  | We expect kitchens to be fully open and normal legal requirements will apply to the provision of food for pupils, including ensuring food meets the standards for school food in England.  |
| pupils                                 |                                  |                                    | <ul> <li>Lunchtimes to be staggered to avoid congestion</li> <li>Pupils should stay in their allocated bubble at lunchtimes and</li> </ul>   | This includes for those eligible for:  |
|  |                                  |                                    | <ul> <li>not mix with other bubbles</li> <li>Food and drink should only be consumed in dedicated areas.</li> </ul>   | <ul> <li>benefits-related free school meals</li> <li>universal infant free school meals</li> </ul>   |
|  |                                  |                                    | <ul> <li>If pupils eat within a classroom<br/>environment – this can be<br/>identified as a dedicated space,<br/>however social distancing, hand<br/>washing should be incorporated</li> </ul> | Cold and hot grab bags have been provided by Taylor Shaw. The dining room continues to be out of action as it would take too long for 7 year group bubbles to  |

| <ul> <li>and wiping and cleaning of the designated space before teaching and learning re-commences.</li> <li>If food is consumed in a classroom all advice within dining/lunchtime section of the Risk Assessment should be followed.</li> </ul>                           | have their lunch with 10 minute breaks in between sessions to clean.  School kitchens should follow the guidance for food businesses on coronavirus (COVID-19).   |
|--|---|
| <ul> <li>Food and drink must not be shared by pupils or staff.</li> <li>Hand cleaning facilities or hand sanitiser should be available at the entrance of the dining room where people eat and should be used by all persons when entering and leaving the area</li> </ul> | You should also continue to provide free school meal support to pupils who are eligible for benefits-related free school meals and who are learning at home during term time.   |
| <ul> <li>All persons should sit 2 metres apart (where possible) from each other whilst eating</li> <li>All food displays should be protected against contamination by coughing, sneezing, etc.</li> </ul>  | The School may need to consider employing additional lunchtime supervisors to cover the bubbles (Lunchtime supervisors are in no more than 2 year group bubbles across the school)  |
| <ul> <li>Tables and chairs should be cleaned between each use.</li> <li>All areas used for eating must be thoroughly cleaned at the end of each break and shift, including chairs, door handles, vending machines and payment devices</li> </ul>                           | If you use a catering contractor ensure that you have seen their risk assessments and safe systems of work on how to keep themselves, staff and pupils safe from transmission of the virus  Further advice can be obtained from the Local |
| <ul> <li>All vending machines to be<br/>decommissioned for the<br/>foreseeable future</li> </ul>   | Authority School Meals Service  |

|                    | <ul> <li>Parents must inform any changes<br/>to their child's dietary<br/>requirements via email to the<br/>Head teacher – if parents don't<br/>have access to email / a telephone<br/>conversation / zoom call to be<br/>arranged</li> </ul> | Children should not mix with other groups. This may mean having several lunch sittings or serving lunch in more than one location including a classroom.  Classrooms used for eating in and outside on grass zones when weather is dry. |  |
|--------------------|---|---|--|
|                    |   | Head teacher to liaise with the catering staff on any changes to a pupil's dietary requirement  |  |
|                    |   | ZONES  We have different zones for breaks and lunchtime for   |  |
|                    |   | all our year group bubbles. They presently have a grass zone, a playground zone and a classroom zone.   |  |
| Adverse<br>Weather | Ensure you have a gritting plan in place and all staff are aware of it.   |   |  |
|                    | When staff are involved in gritting,<br>clearing snow etc. social<br>distancing should be always<br>maintained  |   |  |
|                    | There must be no sharing of snow clearing equipment, all staff involved should have their own equipment. If equipment has been shared staff must wash their hands.  |   |  |

|   |                                  |  | Due to the size and layout of<br>Schools you may only be able to<br>clear one path into School,<br>therefore staggered starts should<br>be implemented to ensure socially<br>distancing is maintained by<br>parents and pupils entering the<br>School grounds |  |  |
|---|----------------------------------|--|---|--|--|
|   |                                  |  | <ul> <li>Where additional entrances to the<br/>School grounds have been closed,<br/>this must be communicated to all<br/>parents and signage placed on the<br/>additional entrances</li> </ul>  |  |  |
|   |                                  |  | <ul> <li>Schools should only grit and clear<br/>snow within the School boundary</li> </ul>  |  |  |
|   |                                  |  | Ensure you have enough staff on<br>site to supervise the pupils safely  |  |  |
|   |                                  |  | <ul> <li>Lone working procedures are<br/>always adhered to</li> </ul>   |  |  |
|   |                                  |  | <ul> <li>If pupils are allowed on the<br/>playground in adverse weather,<br/>they should remain in their<br/>bubbles</li> </ul>   |  |  |
| Fire Drills /<br>Activation<br>of the fire<br>alarm | Transmissio<br>n of the<br>virus | Staff, Pupils, Cleaners, Catering staff etc. | Fire safety management plans should be reviewed and checked in line with operational changes.   | Refer to advice on fire safety in new and existing school buildings  https://www.gov.uk/government/publications/fire-safety-in-new-and-existing-school-buildings |  |
|   |                                  |  | You should check:   |  |  |

|  | <ul> <li>all fire doors are operational at all times</li> </ul>   | Ensure a fire drill plan is produced - highlighting where each bubble will be allocated  |  |

# **Curriculum & learning**

| Remote Education  Attendance will be mandatory for all pupils of compulsory school age from 8 March. | Delivering remote education safely |
|--|------------------------------------|
|--|------------------------------------|

Schools affected by the Remote Education Temporary Continuity Direction are still required to provide remote education to pupils covered by the direction where their attendance would be contrary to government guidance or legislation around coronavirus (COVID-19).

This includes, for example, where such guidance means that a class, group or small number of pupils need to self-isolate or that clinically extremely vulnerable children are to shield. All such pupils not physically unwell should have access to remote education as soon as reasonably practicable, which may be the next school day.

Where secondary schools are operating a phased return of pupils in the week commencing 8 March to allow for testing that week, we expect schools to provide remote education for all pupils not yet expected to attend on-site

The remote education provided should be equivalent in length to the core teaching pupils would receive in

Ecclesall Primary School use Google Classroom for all children from Rec through to Y6 for remote learning. They all have their own username and passwords.

See Remote Learning on our EPS Website for more information:

https://ecclesallprimary.co.uk/remote-learning/

Keeping children safe online is essential. The statutory guidance keeping children safe in education provides schools and colleges with information on what they should be doing to protect their pupils online.

The guidance includes a collection of resources which includes support for:

- safe remote education
- virtual lessons
- live streaming
- information to share with parents and carers to support them in keeping their children safe online

Safeguarding and remote education during coronavirus (COVID-19) provides guidance to help schools and teachers support pupils' remote education during coronavirus (COVID-19).

school and should include recorded or live direct teaching time, as well as time for pupils to complete tasks and assignments independently.

## As a minimum you should provide:

- Key Stage 1: 3 hours a day on average across the cohort, with less for younger children
- Key Stage 2: 4 hours a day
- Key Stages 3 and 4: 5 hours a day

In developing remote education, we expect you to:

- teach a planned and wellsequenced curriculum so that knowledge and skills are built incrementally, with a good level of clarity about what is intended to be taught and practised in each subject so that pupils can progress through the school's curriculum
- select a digital platform for remote education provision that will be used consistently across the school in order to allow interaction.

Support on delivering remote education safely is available from:

- Safe remote learning, published by SWGfL
- Online safety and safeguarding, published by LGfL, which covers safe remote learning
- The National Cyber Security Centre, which includes which video conference service is right for you and using video conferencing services securely
- annex C of keeping children safe in education

## **Special Educational Needs**

If pupils with SEND are not able to be in school, their teachers are best placed to know how the pupil's needs can be most effectively met to ensure they continue to make progress.

The requirement for schools within the 2014 Children and Families Act to use their best endeavours to secure the special educational provision called for by the pupils' special educational needs remains in place.

You should work collaboratively with families and put in place reasonable adjustments so that pupils with SEND can successfully access remote education. In this situation, decisions on how provision can be delivered should be informed by relevant

assessment and feedback and considerations including the types of services that the pupil can access remotely. make sure staff are trained and confident in its use. If schools do not have an education platform in place, they can access free You can access further information on supporting support at get help with pupils and students with SEND to access remote technology education. overcome barriers to digital https://get-help-with-remoteaccess for pupils by: education.education.gov.uk/send distributing school-owned laptops accompanied by a user agreement or contract providing printed resources, such as textbooks and workbooks, to structure learning, supplemented with other forms of communication to keep pupils on track or answer questions about work Have systems for checking, daily, whether pupils are engaging with their work, and work with families to rapidly identify effective solutions where engagement is a concern identify a named senior leader with overarching responsibility for the quality and delivery of remote education, including that provision meets expectations for remote education

|                     |  | We expect you to consider these expectations in relation to the pupils' age, stage of development or special educational needs, for example where this would place significant demands on parents' help or support.  |  |
|---------------------|--|--|--|
|                     |  | Younger children in Key Stage 1 or Reception often require high levels of parental involvement to support their engagement with remote education, which makes digital provision a particular challenge for this age group. We therefore do not expect that solely digital means will be used to teach these pupils remotely. |  |
|                     |  | We also recognise that some pupils with SEND may not be able to access remote education without adult support and so expect schools to work with families to deliver an ambitious curriculum appropriate for their level of need.  |  |
| Education al Visits |  | We advise against all educational visits at this time. This advice will be kept under review.  |  |

| Music<br>Dance and<br>Drama | You should continue teaching music, dance and drama as part of your school curriculum, especially as this builds pupils' confidence and supports their wellbeing. There may, however, be an additional risk of infection in environments where singing, chanting, playing wind or brass instruments, dance or drama takes place. | Schools that offer specialist, elite provision in music, dance and drama should also consider this guidance alongside the DCMS guidance on the performing arts. Specialist provision delivered by further education (FE) providers or higher education (HE) providers should consider the respective Department for Education guidance for these sectors.  https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/performing-arts                               |  |
|-----------------------------|--|---|--|
|                             | Singing, wind and brass instrument playing can be undertaken  Schools can continue to engage peripatetic teachers during this period, including staff from music education hubs.   | When planning music provision, you should consider additional specific safety measures. There is some evidence that additional risk can build from aerosol transmission with volume and with the combined numbers of individuals within a confined space. This is particularly evident for singing and shouting, but with appropriate safety mitigation and consideration, singing, wind and brass teaching can still take place. Measures to take follow in the next sections. |  |
|                             | Minimising contact between individuals  The overarching objective should be to reduce the number of contacts   | Government has published advice on safer singing.  https://www.gov.uk/government/publications/covid-19- suggested-principles-of-safer-singing/covid-19- suggested-principles-of-safer-singing   |  |
|                             | amongst pupils, and between pupils and staff, including for rehearsal and performance.   | Social distancing   |  |

As set out in the system of controls, this can be achieved through keeping groups separate (in bubbles) and through maintaining social distance between individuals. These are not alternative options. Both measures will help, but the balance between them will change depending on the age of pupils, the layout of the building, and the feasibility of keeping groups separate from each other while offering a broad curriculum.

In the smaller groups where these activities can take place, schools should observe strict social distancing between each singer and player, and between singers and players, and any other people such as conductors, other musicians, or accompanists. Current guidance is that if the activity is face-to-face and without mitigating actions, 2 metres is appropriate. Pupils should use seating where practical to help maintain social distancing.

If staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, 2 metres from other adults.

Pupils should be positioned back-to-back or side-toside when playing or singing (rather than face-to-face) whenever possible. Position wind and brass players so that the air from their instrument does not blow into another player.

You should take particular care in music, dance and drama lessons to observe social distancing where possible. This may limit group activity in these subjects in terms of numbers in each group. It will also prevent physical correction by teachers and contact between pupils in dance and drama.

# **Microphones**

Seating positions

Use microphones where possible or encourage singing quietly.

# Handling equipment and instruments

Measures to take when handling equipment, including instruments, include the following.

You should keep any background or accompanying music to levels which do not encourage teachers or other performers to raise their voices unduly.

If possible, use microphones to reduce the need for shouting or prolonged periods of loud speaking or singing.

Do not share microphones

#### **Performances**

You should not host any performances with an audience. You may wish to consider alternatives such as live streaming and recording performances, subject to the usual safeguarding considerations and parental permission.

Singing, and playing wind and brass instruments in groups

Singing, wind and brass playing should not take place in larger groups such as choirs and ensembles, or

- increased handwashing before and after handling equipment, especially if being used by more than one person.
- Avoid sharing equipment wherever possible. Place name labels on equipment to help identify the designated user, for example, percussionists' own sticks and mallets.
- If instruments and equipment have to be shared, disinfect regularly (including any packing cases, handles, props, chairs, microphones and music stands) and always between users.
- Instruments should be cleaned by the pupils playing them, where possible.
- Limit handling of music scores, parts and scripts to the individual using them
- Consider limiting the number of suppliers when hiring instruments and equipment. You should agree whose responsibility cleaning hired instruments is with the suppliers. Clean hire equipment, tools or other equipment on arrival and before first use. Equipment and instruments should be stored in a clean location if you take delivery of them before they are needed, and they should be cleaned before first use and before returning the instrument.
- Pick up and drop off collection points should be created where possible, rather than passing equipment such as props, scripts, scores and microphones hand-to-hand.

|                              | assemblies unless significant space,<br>natural airflow and strict social<br>distancing and mitigation can be<br>maintained  | Individual lessons  Individual lessons in music, dance and drama can continue in schools and organisations providing out of school childcare. This may mean teachers interacting   |  |
|------------------------------|--|--|--|
|                              | Playing outdoors   | with pupils from multiple groups, so you will need to take particular care, in line with the measures on peripatetic teachers  |  |
|                              | Playing instruments and singing in groups should take place outdoors wherever possible. If indoors, consider limiting the numbers in relation to the space.  | In individual lessons for music, dance and drama, social distancing should be maintained wherever possible, meaning teachers should not provide physical correction  |  |
|                              | Playing indoors  |  |  |
|                              | If indoors, use a room with as much space as possible, for example, larger rooms; rooms with high ceilings are expected to enable dilution of aerosol transmission. If playing indoors, limit the numbers to account for ventilation of the space and the ability to social distance. It is important to ensure good ventilation |  |  |
| Physical activity in schools | Pupils should be kept in consistent groups, sports equipment thoroughly  | Where you are considering team sports you should only consider those sports whose national governing bodies have developed guidance under the principles of the government's guidance on team sport and been approved by the government i.e., sports on the list |  |

cleaned between each use by different individual groups.

You can hold PE lessons indoors, including those that involve activities related to team sports, for example practising specific techniques, within your own system of controls

For sport provision, outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible), distancing between pupils, and paying scrupulous attention to cleaning and hygiene.

This is particularly important in a sport setting because of the way in which people breathe during exercise.

External facilities can also be used in line with government guidance for the use of, and travel to and from, those facilities

You can work with external coaches, clubs and organisations for curricular and extra-curricular activities. You must be satisfied that it is safe to do.

Activities such as active miles, making break times and lessons active and

available at grassroots sports guidance for safe provision including team sport, contact combat sport and organised sport events. Competition between different schools should not take place until wider grassroots sport for under 18s is permitted. https://www.gov.uk/guidance/coronavirus-covid-19-grassroots-sports-guidance-for-safe-provision-including-team-sport-contact-combat-sport-and-organised-sport-events

#### Refer to:

- guidance on grassroot sports for public and sport providers, safe provision and facilities, and guidance from Sport England
- advice from organisations such as the Association for Physical Education and the Youth Sport Trust
- guidance from Swim England on school swimming and water safety lessons available at returning to pools guidance documents
- using changing rooms safely

|   |                            |                | encouraging active travel can help pupils to be physically active while encouraging physical distancing.   |   |  |
|---|----------------------------|----------------|--|---|--|
| Supply Staff, temporary or Peripatetic Teachers | Transmissio n of the virus | Staff & Pupils | You can continue to use supply teachers and staff. We recommend using the Crown Commercial Service's agency supply deal when hiring agency workers.  Supply staff and other temporary or peripatetic staff can move between schools. Such staff and visitors must follow your school's arrangements for managing and minimising risk based on the system of controls  They should also have access to information on the safety arrangements and be provided with this as soon as possible after the booking.  This also applies to other temporary staff and volunteers working in schools such as:  support staff working on a supply basis  peripatetic staff such as music tutors and sports coaches | Volunteers may be used to support the work of the school, as would usually be the case. It is important that they are properly supported and given appropriate roles.  Under no circumstances should a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.  Mixing of volunteers across groups should be kept to a minimum, and they should adhere to the system of controls in place |  |

|           | ·   |  |

|              | <ul> <li>in some cases, increased welfare and safeguarding harms</li> <li>This may lead to an increase in social, emotional and mental health concerns, particularly for vulnerable groups such as:</li> <li>pupils with a social worker</li> <li>previously looked-after children who left care through adoption or special guardianship</li> </ul> | Pre-empting that a pupil may commit a disciplinary offence, and not allowing the pupil to attend school, is an unlawful suspension.  You should already have arrangements in place to support attendance and engagement. Consider what additional support pupils may need to make a successful return to full-time attendance.        |  |
|--------------|--|---|--|
|              | <ul> <li>young carers</li> <li>These pupils may need additional support and access to services such as educational psychologists, social workers and counsellors.</li> <li>Additionally, provision for pupils who have</li> </ul>  | Any disciplinary suspension or expulsion of a pupil from a school, even for short periods of time, must follow the statutory procedure. 'Informal' or 'unofficial' suspensions, such as sending pupils home 'to cool off' for part of the day are unlawful, regardless of whether they occur with the agreement of parents or carers. |  |
|              | SEND may have been disrupted during the period of restrictions on attendance and there may be an impact on their behaviour. Work with local services (such as health and the local authority) to ensure the services and support are in place for a smooth return to schools for pupils.   | It is unlawful to punish a child for the actions of their parents. For example, refusing to allow a pupil to class because their parents did not attend a meeting or because the parents brought the pupils to school late would be unlawful.   |  |
| Safeguarding | Schools must continue to have regard to the statutory safeguarding guidance keeping children safe in education.  | http://ecclesallprimary.co.uk/safeguarding/   |  |

|                   | You should consider revising your child protection policy to reflect the return of more pupils. This should be led by your designated safeguarding lead.   | Our EPS school website has a wealth of information regarding safeguarding including the Keeping Children Safe in Education document and other important documents/resources. |  |
|-------------------|--|--|--|
|                   | As children return try to give designated safeguarding leads and their deputies more time to:  support staff and pupils with new safeguarding and welfare concerns   |  |  |
|                   | <ul> <li>handle referrals to children's social care and other agencies where appropriate</li> <li>The designated safeguarding lead should continue to co-ordinate with children's social</li> </ul>  |  |  |
|                   | care, the local three safeguarding partners and other agencies and services to identify harm and ensure children are appropriately supported. They should speak to school nurses who have continued virtual support to pupils who have not been in school. |  |  |
| School<br>Uniform | We would encourage all schools to maintain their usual uniform policies.   | Increased ventilation may make school buildings cooler than usual over the winter  |  |

|                         |                                  |                | Uniform can play a valuable role in contributing to the ethos of a school and setting an appropriate tone.  Uniforms do not need to be cleaned:   | Consider allowing pupils to wear additional items of clothing in addition to the school's current uniform. Where this occurs, no extra financial pressure should be placed on parents.  |  |
|-------------------------|----------------------------------|----------------|---|---|--|
|                         |                                  |                | <ul> <li>more often than usual</li> <li>using different methods</li> <li>Think about how you will manage pupil non-compliance. Taking a mindful and considerate approach may help parents who have difficulty obtaining uniform items or are experiencing financial pressures.</li> </ul>                           | Clothing: Full school uniform to be worn. Please click on the uniform link from our EPS school website to order uniform and for more details.  http://ecclesallprimary.co.uk/uniform/   |  |

| Staff<br>Deployment |  | You may need to alter the way in which you deploy your staff and use   |      |

| existing teaching and support staff more flexibly.  |  |
|---|--|
| You should ensure that you continue to have appropriate support in place for pupils with SEND.  |  |
| Any redeployments of staff should not be made at the expense of supporting pupils with SEND.  |  |
| You should discuss and agree any proposed changes in role or responsibility with members of staff, ensuring staff members have the appropriate skills, expertise and experience to carry out the work, and all appropriate checks are made if they are engaging in regulated activity |  |
| This includes making sure that for any interventions or care for pupils with complex needs:   |  |
| <ul> <li>safe ratios are met</li> <li>specific training is undertaken</li> </ul>  |  |

You should be satisfied that staff have The responsibilities of a Teaching Assistant depend the appropriate skills, expertise and on what level you the teaching assistant is. See experience to carry out the work, and examples below: discuss and agree any proposed changes in role or responsibility with Teaching Assistant Level 1 - To work under the the staff. direct instruction of the classroom teacher. General support to the teacher in the management of pupils and the classroom. Staff who are not teachers may be deployed to lead groups or cover Teaching Assistant Level 2 - to work under the lessons, under the direction and instruction/guidance of teacher. Work may be carried supervision of a qualified, or out in the classroom or with small groups. nominated, teacher. This is covered Teaching Assistant Level 3 - To work under the under the: guidance of the teacher under an agreed system of supervision. Can supervise whole classes occasionally during the short-term absence of the Education (Specified Work) teacher (England) Regulations 2012 for maintained schools and non-**HLTA** – Work within an agreed framework of maintained special schools supervision by taking responsibility for agreed learning activities, including PPA. These activities can be for the freedoms provided under the individuals/groups/whole classes on a short-term funding agreement for academies basis Cover supervisor – to cover in the absence of a teacher. Predominantly employed in secondary schools as "cover" in a primary school quickly becomes "active teaching" **Teaching Assistants** RecommendationsSur

| Recruitment | You can continue recruiting members of staff. The Teaching Vacancies service can help schools to list vacancies for both permanent and fixed-term teaching staff quickly.  |  |
|-------------|--|--|
|             | Schools should consider a flexible approach to interviews, with alternative options to face-to-face interviews offered where possible. The DfE teaching blog provides:   |  |
|             | <ul> <li>information on the experience of implementing interviews remotely</li> <li>advice that can be sent to candidates on how to prepare for remote interviews</li> </ul>   |  |
|             | Where face-to-face meetings are necessary, you should share the school's control measures in advance and make it clear to candidates that they must follow the system of controls that you have in place. This includes any requirements for wearing face coverings where social |  |
|             | When recruiting, continue to adhere to the legal requirements on pre-  |  |

## Sharing your risk assessment

You should share the results of your risk assessment with your entire workforce. If possible, you should consider publishing it on your website to provide transparency of approach to parents, carers and pupils. Any updates to the risk assessment should be uploaded so that parents and carers are not seeing an out-of-date version of the risk assessment.

#### Monitoring and review of risk controls

You should monitor and review the preventive and protective measures regularly, to ensure the measures are working, and taking action to address any shortfalls, and update the risk assessment as necessary.

## Roles and responsibilities

All employers are required by law to protect their employees, and others, from harm. Under the Management of Health and Safety at Work Regulations 1999, the minimum employers must do is:

- identify what could cause injury or illness in the organisation (hazards)
- decide how likely it is that someone could be harmed and how seriously (the risk)
- take action to eliminate the hazard, or if this isn't possible, control the risk

Given the employer landscape in schools is varied, we have set out here what the existing DfE <u>Health and safety: responsibilities and duties for schools</u> guidance states about the roles and responsibilities for health and safety.

In schools: the employer is accountable for the health and safety of school staff and pupils. The day-to-day running of the school is usually delegated to the Head teacher and the school management team. In most cases, they are responsible for ensuring that risks are managed effectively. This includes health and safety matters.

Schools must appoint a competent person to ensure they meet their health and safety duties. The Health and Safety Executive (HSE) provides more information on the role of Head teachers and employers in the guidance The role of school leaders - who does what and a simple guide to who the employer is in each type of school setting in its FAQs section, under 'Who is accountable for health and safety within a school?'. References to actions by employers in this guidance may in practice be carried out by Head teachers in schools, but the employer will need to assure themselves that they have been carried out, as they retain the accountability for health and safety.

#### **Consulting employees (general)**

It is a legal requirement that employers must consult with the health and safety representative selected by a recognised trade union or, if there isn't one, a representative chosen by staff. As an employer, you cannot decide who the representative will be.

At its most effective, full involvement of staff creates a culture where relationships between employers and staff are based on collaboration, trust and joint problem solving. As is normal practice, staff should be involved in assessing workplace risks and the development and review of workplace health and safety policies in partnership with the employer. Consultation does not remove the employer's right to manage. They will still make the final decision but talking to employees is an important part of successfully managing health and safety.

Head teachers are encouraged to ensure that consultation on any changes to risk assessments that will be in place for the start of the autumn term commence with staff before the summer break, to ensure that those that are on term-time only contracts have adequate time to contribute.

#### Resolving issues and raising concerns

Employers and staff should always come together to resolve issues. As providers widen their opening, any concerns in respect of the controls should be raised initially with line management and trade union representatives, and employers should recognise those concerns and give them proper consideration. If that does not resolve the issues, the concern can be raised with <u>HSE</u>. Where the HSE identify employers, who are not taking action to comply with the relevant public health legislation and guidance to control public health risks, they will consider taking a range of actions to improve control of workplace risks. The actions the HSE can take include the provision of specific advice to employers through to issuing enforcement notices to help secure improvements.

#### **Contingency planning**

For individuals or groups of self-isolating pupils and pupils who are shielding following government guidance related to coronavirus (COVID-19), remote education plans should be in place.

You should continue to operate as normally as possible. In the event that restrictions in schools are needed to help contain the spread of the virus, you may be asked to revise your delivery models for a short period of time. To help with this, we have published a <u>contingency framework</u>, which has been updated and outlines how schools should operate in the event of any restrictions.

Any decision that there should be local restrictions in any childcare or education settings will be made by central government on a case-by-case basis.

Find guidance on how schools can order devices and access support to get set up with a digital platform at get help with technology.

# Guide to donning and doffing standard Personal Protective Equipment (PPE)

# for health and social care settings

| Terms/definitions/clarifications etc. |                                    |   |  |  |
|---------------------------------------|------------------------------------|---|--|--|
| i                                     | Hand washing protocol              | Attached at appendix 1 below <a href="https://www.who.int/gpsc/clean_hands_protection/en/">https://www.who.int/gpsc/clean_hands_protection/en/</a>  |  |  |
| ii                                    | Respiratory<br>hygiene<br>protocol | This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately. <a href="https://www.who.int/emergencies/diseases/novel-coronavirus-2019/advice-for-public">https://www.who.int/emergencies/diseases/novel-coronavirus-2019/advice-for-public</a> |  |  |
| iii                                   | Momentary contact                  | Relates to ad hoc interventions that may create proximity to bodily fluid – e.g. a driver putting a seatbelt onto a client.   |  |  |
| iv                                    | Sessional use                      | Surgical facemask can be used multiple times and need not be disposed of until wet, damaged or uncomfortable.  https://www.gov.uk/government/publications/wuhan-novel-coronavirus-infection-prevention-and-control/covid-19-personal-protective-equipment-ppe#section-6   |  |  |
| V                                     | Prolonged /<br>Intimate care       | Is defined as a role which is personally supporting the client to bathe, wash, feed etc. where there may be close proximity to bodily fluids.   |  |  |

| vi   | Donning and doffing | Refers to the correct method by which PPE should be put on and taken off. Guidance at appendix 3. <a href="https://www.gov.uk/government/publications/covid-19-personal-protective-equipment-use-for-non-aerosol-generating-procedures">https://www.youtube.com/watch?v=-GncQ_ed-9w</a> <a href="https://www.youtube.com/watch?v=-GncQ_ed-9w">https://www.youtube.com/watch?v=-GncQ_ed-9w</a> |
|------|---------------------|---|
| vii  | Disposal of PPE     | PPE should be bagged and disposed of in a lidded bin followed by close adherence to hand washing protocol.  |
| viii | Shielded person     | Definition at appendix 2.   |
| ix   | Single use          | Refers to disposal of PPE after each client interaction.  |
