

# Y4 Good Vibrations

## End Points:

- Understand how sounds are made and associate some of these with vibrating .
- Understand that sounds travel through a medium to the ear.
- Find patterns between the pitch/ volume of a sound and the object that made it.
- Understand that sounds get fainter with distance.

## How you can help at home:

- Talk about learning in school.
- Investigate how sounds can be louder/ quieter under water (use bath time).
- Look at different musical instruments and talk about how

## Key Vocabulary

Word	Definition
volume	How loud or quiet a sound is.
pitch	How high or low a sound is.
