

Week Beginning November 9th 2020

This half-term our topic is; 'Colour and celebrations around the world'

Literacy

Our Big Book this week is "Seasons". We will be reading this non-fiction book as a class. Within writing we will begin to write about our celebration photos. Please make sure your child's class teacher has their celebration photo ready for writing.

We will be introducing some new phonemes and digraphs this week /l/j//ss/ and thinking of words that start with the single letter sounds and words that end with the digraphs. We will be blending words with these phonemes and segmenting them together when reading. We will be reading all of the phase 2 tricky words: I, no, go, into, the and to.

Mathematics

Our focus for maths this week is to subtract using numbers up to 6. We will be singing songs and using different apparatus to help us. We will continue to sing our 'days of the week' song and changing the day and date on our board.

Understanding the World

We will be discussing what colours we can see through the changing of seasons. We will explore our environment around the school and collect autumnal objects that we find on our walk.
