

30th June 2023

Dear Parents and Carers of Y2 children,

In Year 2, we are learning about healthy eating and food groups as part of our science topic. To link with this the children will be planning and making their own healthy flapjacks. As part of this there will be a food tasting sessions which will take place on Monday 10th July. The children will also be trying the flapjack which they make on Thursday 13th July. Listed below are the ingredient that they will taste and possibly include in their flapjacks.

We will encourage children to try the different foods available; however we are aware that some children have allergies, are vegetarian or have other dietary needs. If you have any questions regarding the food tasting or would like to make us aware of any issues regarding the planned session, please talk to your child's class teacher.

Food included:

Oats, dairy free spread, honey, apple, carrot, cinnamon, banana, sultanas, dried apricots, dates, rice pops, honey and orange/lemon/lime juice/zest

Many thanks
Y2 Team
