Re: Y6 bikeability training

Dear Y6 Parents/Carers

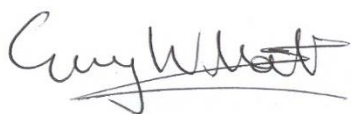

We have been lucky enough to secure bikeability training for a number of Y6 pupils during the first half of the Autumn Term 2023. The 1 ½ day course aims to give children the skills and confidence to cycle safely on the road. This fun course starts in the playground and will continue on quiet roads around the school. It will be delivered by Cycle North on behalf of Sheffield City Council and the instructors are fully qualified, checked and insured.

This course is suitable for children who can already ride a bike, and are pretty stable, i.e. be able to look behind whilst riding, without wobbling, and hold a signal for about 3 seconds. Children should also have their own roadworthy and well-fitting bike and a cycle helmet although both of these items are available to borrow if necessary.

There is no charge for the course. It will take place during curriculum school time during the normal hours of a school day.

If you would like your son/daughter to participate in this course please complete the simple consent survey by clicking [here](#) by **Friday 15th September** giving us an idea of the numbers of children interested in participating. We will send out further, detailed information and consent forms nearer the time.

Many thanks
