

## Week Beginning 9<sup>th</sup> October 2023

This half-term our topic is 'Happy Children, Happy School'

### Literacy

This week in phonics we will recap the sounds we have learnt up to now including i/n/m/d from last week and we will be learning the grapheme phoneme correspondence (GPC) for g/o/c/k. We will practise orally blending and segmenting the sounds in simple words and practising reading some cvc (consonant vowel consonant) words.

### Mathematics

We will be doing continuing to do our maths moment in the morning, where we update our calendar and talk about our number of the week. This week our number of the week is number 4. We will also be finding one more and one fewer than a group of objects.

### Understanding the World

We will be talking about what we like to do with our families. We will share a big book called 'It's the Weekend' and talk about special times we have with our families and what we like to do at the weekend.
