

13th October 2023

Dear Parents/Carers,

On Thursday 2nd November, we are looking forward to launching our Space topic with the 'WonderDome'. This inflatable planetarium will allow the children to be transported into the world of space and science. It will cover all aspects of space from the solar system, to the size of the planets and space exploration, including the Apollo Moon landings and future missions. The WonderDome presenters are all self-declared space nerds keen to pass on their love and knowledge of space!

The cost for each child will be £3.81 payable by ParentPay. Please log onto ParentPay to make your payment and give permission for your child to attend. If your child is eligible for free school meals or if you need support towards covering the cost, please see the school office.

Many thanks,

The Y5 team
