

10th November 2023

Tomorrow's race will go ahead but the race organisers have had some strict instructions from Bradfield school, due to the conditions of the school grounds. If these are not adhered to the race WILL be cancelled.

- No one is to walk the course, they are putting secondary school children out to run with the lead runners so they don't go the wrong way and extra marshal's around the course (if anyone would like to help marshal please let the organisers know on Saturday)
- Maps of the course will still be displayed for everyone to see
- There is no running around the grounds or across the fields whilst the children are racing
- Warm ups are to take place on the edge of the field and on the concrete areas where possible
- No animals allowed on the school grounds (this will also help with footfall)
- I suggest the school flags are put up on the edge of the grass next to the path, so everyone can congregate on the main path

Please make all the children aware of this information and make them aware the racing will be cancelled at any point if they do not adhere to the requests of Bradfield School. I hear it was a muddy one last week for the Secondary race!!!
