

June 2024

Dear Parents and Carers of Y4 children,

In Year 4, we are learning about French food and drink as part of our French subject. As part of this there will be a French food and drink tasting session which will take place on Thursday 18th July. Listed below are the ingredients that they will taste.

We will encourage children to try the different foods available; however we are aware that some children have allergies, are vegetarian or have other dietary needs. If you have any questions regarding the food tasting or would like to make us aware of any issues regarding the planned session, please talk to your child's class teacher.

Food included:

Bread, butter, croissants, brioche, pain au chocolat, French ham, brie, camembert, pate.

We will also provide free from alternatives and provide information for parents for those children with allergies.

Many thanks
Y4 Team
Ecclesall Primary School
