Y1 Playground Equipment TASC Day

Dear Parents/Carers,

As part of our Design and Technology topic on free-standing structures the Y1 children will be designing and making playground equipment.

We would appreciate some support from parents to help the children create their designs in the afternoon. If you can help from 1.15pm on 14.7.25 please let your child's class teacher know.

We also need children to bring in any: small boxes/cereal boxes, plastic tubs, kitchen roll tubes, yoghurt pots and bottle tops. Please don't send in toilet rolls, medicine packets or anything that has contained nuts.

Many thanks for your support.

Kind regards
The Y1 Team
