Why participate in the School Christmas Card Project?

The School Christmas Card Project is a fantastic, easy and very popular way for schools to raise money for the PTA or other charity. Having the children's own artwork printed on professionally produced cards and other products is a rewarding and fun project for the children and the whole school to be involved in - our most successful schools last year **earned over £850!**

The children will love getting directly involved with school fundraising and parents will love seeing their children's artwork on professionally printed cards!

Organising a School Christmas Card Project is very easy - we have ensured the process is as simple as possible - just follow our five easy steps! And if at any time you have any questions or need any help, you can just call us or email us and we'll be delighted to help you out.
