

Roman Road building day
Week commencing 6th October.

Dear Parents and Carers,

Next week, Y4 will be learning about the legacy of the Romans, particularly looking at the impact of their roads. As part of the learning we construct a road from food.

We usually use:

Custard cream biscuits

Plain rich tea types of biscuits

Maltesers

Smarties

Ready-made custard

Please note

Children **will not** have the opportunity to eat these foods.

Pupils work in groups and share the tasks.

Anyone with allergies can still be involved without touching food if that is safest for them.

Please contact your child's teacher if your child has any relevant allergies and you require more information or wish to discuss their level of involvement. We can make some adjustments within each classroom to enable everyone to have a positive experience.

Kind regards

Y4 team
