

5th November 2025

Y2 Owl Day

Dear Parents/Carers,

As part of our creative curriculum topic (Autumn 2 half term) 'Living Things and Their Habitats', we have BB Falconry coming into school on the morning of Monday 10th November with the 'Owl Experience'.

They will bring owls with them and talk about their habitat, life cycle, food chain and growth. Children will be able to ask questions so if there are any they can think of before the visit please get your child to write them down/tell us in advance.

There is a small charge of £2.45 for the visit. Please log on to Parent Pay to give your consent and make your payment.

Yours Sincerely

The Year 2 Team
