TechClub4Kids

BeeBot Explorer Club

Inspire curiosity. Spark creativity. Build confidence.

At **TechClub4Kids**, we're passionate about giving children exciting, hands-on opportunities to explore the world of **Technology, Programming, Science, and Engineering**. From dynamic assemblies to engaging workshops and after-school clubs, we help children grow a lifelong love of learning through play, problem-solving, and discovery.

💡 What is BeeBot Explore?

Designed for **KS1 children**, the **BeeBot Explore Club** is the perfect first step into the world of coding! Through fun and interactive activities, children will:

- Learn **directional language**, **control**, and **basic programming**
- Develop early **problem-solving and logical thinking** through games
- Use **computers to program**, **give instructions**, and even **create simple animations**
- Grow in **confidence and independence** as they explore technology hands-on

📅 Lunchtime Club Details:

- **Day:** Mondays 12:15 PM – 12:45 PM
- **From** : 12th January to 23rd March
- **Cost:** £ 50 (10 sessions, each session £5)
- **Limited Places:** Only **15 spots available** – first come, first served

- *If you'd prefer to reserve a spot with a deposit and pay the balance before term starts, please email us.*
