Dear Parents/Carers,

**IMPORTANT Re: Measles, Chicken Pox and Shingles**

Please may we ask for your cooperation in a vitally important matter. One of our pupils is receiving **medical treatment for cancer**. This puts the pupil at serious risk if exposed to **measles, chicken pox or shingles**.

Please let us know immediately if you suspect that your child has chicken pox. It is also very important that you let us know if anyone in your household has shingles. If you suspect your child has measles you should let the school know immediately.

Your own child is not at any risk whatsoever from this situation. However, the health and wellbeing of our pupil with cancer may be at serious risk. We depend on the co-operation of all parents and know we can rely on your help.

Many thanks.

Yours sincerely,

Mrs Hardy  
Headteacher
