

Friday, 13th February 2026

Dear Parents and Carers of Y4 children,

We are excited to announce that on **Friday, 13th March 2026**, Year 4 will be stepping away from their desks and into the wild! To support our science curriculum, we have arranged an immersive workshop titled The Living World. Using a blend of drama, movement, and storytelling, the children will become explorers investigating the Earth's most incredible biomes. The workshop will take place at school during the regular school day.

What the Children Will Experience:

During their session, the children will go on a scientific journey to:

- Explore different habitats and discover the creatures that call them home.
- Understand adaptations: Learning how animals survive and thrive in extreme conditions.
- Investigate food webs: Identifying how all life is connected through various food sources.
- Classify life: Grouping living things based on their unique characteristics.
- Reflect on Human Impact: Discussing how we can protect our planet for the future.

Workshop Details

- **Date:** Friday 13th March 2026
- **Format:** Each class will enjoy their own dedicated 90-minute slot throughout the day.
- **Cost:** The cost of the workshop is **£5.84 per child**.

Payment Information

We have added the workshop fee to your ParentPay account. We kindly ask that all payments are completed before the day of the workshop to ensure your child can participate in this fantastic opportunity.

Thank you for your continued support!

Best regards,

The Year 4 Team
