EMBEDDING AIR QUALITY AND ENVIRONMENTAL EDUCATION INTO CORE CURRICULUM LEARNING

Your school has signed up to the education resource www.cleanaircrew.co.uk, an interactive website to educate and engage children on the issue of air quality in a safe, fun environment.

There is no intention to scare and although the impacts of air pollution are potentially severe, our aim is to raise awareness in the hope of mitigating against future problems.

We are inviting parents to sign up for full access to the main site as some schools use the resource for homework but also because, beyond the core curriculum activities, it is our hope that the resource provides a fun platform to nurture wider engagement within families and communities on this important issue.

Your school's unique code to enter when signing up for home learning access is:
