

Have you signed the **PARENT PACT?**

Hello! And a big welcome to all the new families joining Ecclesall Primary School this year 🙌 We hope everyone's had a brilliant start to term.

We want to remind everyone about the Smartphone Free Childhood Parent Pact, which lots of families at Ecclesall have already signed. It's a simple agreement between parents to delay smartphones until 14 and social media until 16 – helping us protect childhood from those pressures for a little longer, and giving us all the confidence to do it together.

We've already got 23% of children signed up and we're currently 5th on the local leaderboard 🏆. Not that we're competitive or anything 😊...

Even better, new research shows that the more families who sign up within a school, the better children's mental health and wellbeing.

So we'd love you to join us ❤️

Look out for our stall at pick-up time on Mon & Thurs next week. Grab a flyer, ask us a question or just nose at our shiny non-smartphones and great reads!
