Funny Bones– Year 3

Happy Children, Happy School,
Learning Together, Growing Together

How you can help at home:

Identify as many bones in the human body as you can with your children and help them use the correct medical names

Research facts about bones in the human body

End Points:

To know that human and

animal skeletons:

•Support the body

•Protect vital organs

•Help the body to move

Compose music using different rhythms and untuned percussion instruments.
